Greek-English Lexicon Robert Scott,1897 **Homicide by the Rich and Famous** Gini Graham Scott JD, Ph.D,2005-03-30 Many people express shock and horror when they hear of a wealthy or famous person killing another person As a society we seem to expect the rich and famous to behave better to commit fewer crimes to be immune to the passions that inspire other less prominent people to kill After all the rich and famous have everything why would they need to murder But the rich and famous kill for the very same reasons others do love power money jealousy greed revenge and rage Here Scott takes us on a tour of murders committed by the rich and famous during the last century looking at the motives the responses of the community and local law enforcement the media and the outcomes She argues that the rich and famous may kill for the same

reasons as others but they receive vastly different treatment and are often able to get away with murder Homicide by the rich and famous is not new in this country nor is fascination with the crimes committed by our most revered citizens But being among the upper echelon of society does afford such suspects with a greater ability to escape punishment They have greater access to better representation they have the means to flee the country they have influential friends in high places willing to put themselves on the line and they are generally treated better by law enforcement and the criminal justice system This book profiles the many ways in which homicides committed by the rich and famous are similar to other murders in their motives but differ from those committed by everyday citizens in their outcomes Scott provides readers with a showcase of crimes that will infuriate and fascinate readers

Witness through the Imagination presents a critical reading of themes and stylistic strategies of major American Holocaust fiction to determine its capacity to render the prelude progress and aftermath of the Holocaust Criticism of Holocaust literature is an emerging field of inquiry and as might be expected the most innovative work has been concentrated on the vanguard of European and Israeli Holocaust literature Now that American fiction has amassed an impressive and provocative Holocaust canon the time is propitious for its evaluation Witness Through the Imagination presents a critical reading of

themes and stylistic strategies of major American Holocaust fiction to determine its capacity to render the prelude progress and aftermath of the Holocaust The unifying critical approach is the textual explication of themes and literary method occasional comparative references to international Holocaust literature and a discussion of extra literary Holocaust sources that have influenced the creative writers treatment of the Holocaust universe **Chambers' Edinburgh Journal** ,1837

The Gold Leaf Lady and Other Parapsychological Investigations Stephen E. Braude,2008-11-15 For over thirty years Stephen Braude has studied the paranormal in everyday life from extrasensory perception and psychokinesis to mediumship and materialization The Gold Leaf Lady and Other Parapsychological Investigations is a highly readable and often amusing account of his most memorable encounters with such phenomena Here Braude recounts in fascinating detail five particular cases some that challenge our most fundamental scientific beliefs and others that expose our own credulousness Braude begins with a south Florida woman who can make thin gold colored foil appear spontaneously on her skin He then travels to New York and California to test psychokinetic superstars and frauds like Joe Nuzum who claim to move objects using only their minds Along the way Braude also investigates the startling allegations of K R a policeman in Annapolis who believes he can transfer images from photographs onto other objects including his own body and Ted Serios a deceased Chicago elevator operator who could make a variety of different images appear on Polaroid film Ultimately Braude considers his wife s surprisingly fruitful experiments with astrology which she has used to guide professional soccer teams to the top of their leagues as well as his own personal experiences with synchronicity a phenomenon he argues that may need to be explained in terms of a refined extensive and dramatic form of psychokinesis Heady provocative and brimming with eye opening details and suggestions The Gold Leaf Lady and Other Parapsychological Investigations will intrigue both adherents and detractors of its controversial subject matter alike *Logie* Robert Menzies Fergusson,1905 *Reports of Cases Decided in the Supreme Courts of Scotland and in the House of Lords on Appeal from Scotland* ,1847
