over the previous versions. There were also improvements in the camera and tweaks in the software to make it more user friendly and less bloated. The S6 also includes a fingerprint reader that can be compared to the Apple's Touch ID system, which made an impact in the mobile market. Many persons feel that the Samsung S6 and S6 Edge has finally satisfied a complete Smart Phone device that has all the necessary features. There were some concerns about the regression in some features, however, it was made clear why this had to be done. In regards to the S6 Edge, the curved display was seen as a vast improvement over the Galaxy Note Edge.
