Sexe et utopie Patrick Califia, 2025-02-27 **Sex in Imagined Spaces** Caitriona Dhuill, 2017-07-05 From Thomas More onwards writers of utopias have constructed alternative models of society as a way of commenting critically on existing social orders In the utopian alternative the sex gender system of the contemporary society may be either reproduced or radically re organised Reading utopian writing as a dialogue between reality and possibility this study examines the relationship between historical sex gender systems and those envisioned by utopian texts Surveying a broad range of utopian writing from the nineteenth and twentieth centuries including Huxley Zamyatin Wedekind Hauptmann and Charlotte Perkins Gilman this book reveals the variety and complexity of approaches to re arranging gender and locates these re arrangements within contemporary debates on sex and reproduction masculinity and femininity desire taboo and family structure These issues occupy a position of central importance in the dialogue between utopian imagination and anti utopian thought which culminates in the great dystopias of the twentieth century and the postmodern re invention of utopia

Sex Trafficking in Southeast Asia Trude Jacobsen, 2016-11-10 This book brings an important new perspective to the study of sex trafficking by considering the different types of social contracts which existed in the past that had sexual labour or activity as an inherent component It outlines the nature of these social institutions marriage temporary marriage debt bondage and slavery which were recognized in local law carried no stigma and endured for long periods It discusses how labour pledged in return for a loan of cash or as a result of a punishment dictated by the state often included sexual labour and how this could take the form of servicing the master of the house his guests or foreign travellers who paid the debt holder for the privilege and how even wives of different ranks temporary or permanent and children were pledged as sureties for loans The book which covers the modern states of Myanmar Thailand Laos Cambodia and Vietnam argues that cultural norms are not static that sexual contracts are more complicated than simply marriage or prostitution and that as trafficking for sexual purposes increases those engaging in humanitarian intervention should improve their knowledge of the historical underpinnings of cultural understandings of familial and contractual obligations Sex, Freedom, and Power in Imperial Germany, 1880-1914 Edward Ross Dickinson, 2014-02-17 This is a study of debate over sexuality and sexual morality that roiled politics in Germany between 1880 and 1914 All parties involved understood it to be a debate over the most fundamental question of modern political life how to secure both national power and individual freedom in the context of rapid social and cultural change *Sex Traffic* Paola Monzini, 2005-11 The trafficking of women and girls for the purpose of prostitution is big business It is one of the most lucrative industries in the world particularly given the explosion of the sex

industry since the 1990s The collapse of the Soviet Union and the devastating impact of neoliberal economic policies in many parts of the world have resulted in significant numbers of women seeking income however they can This book draws on a wealth of new empirical data case studies from several countries of origin transit and destination research produced by NGOs police and criminal courts interviews and field research with the women themselves Monzini s primary aim is to identify the mechanisms of what has truly become a global market Most important she assesses recent attempts to control trafficking and strategies for resistance and change BOOK JACKET
