Expected Outcome: The user can produce all necessary support material for business plans, and is able to use software-based simulation models for investment. One of the final business plan projects is a complete business plan, e.g., this may be needed to bank a start-up capital. It should not be a formal exercise, but merely a draft for real-world use, including an actual business plan.

How exactly are you "tired" if you're doing more work than anything else in the world for nothing, for love, for your career, for your family, for your friends, for your church, for your country, for your community, for your world, for your life? Are you exhausted because you're doing more than you can handle? Or are you exhausted because you're doing more than you can handle? Or are you exhausted because you're doing more than you can handle? Or are you exhausted because you're doing more than you can handle?
