On top of that, they have an ambient sound mode with three levels of sound so you can choose how much sound you want to hear. Around your ANC is made possible by having three microphones on each earphone and two on the outside. These are also used for calls, and Samsung says its machine learning method can use the voice pickup unit to detect and remove unwanted sounds like car horns, construction sites, or winds. There are also touch controls, wear detection, and applications that can help you find the right fit with the bud2. The Galaxy Wearable app is also available on Windows PC so that you can easily control things from your desktop. In terms of connectivity, there's Bluetooth 5.2, and the Buds 2 will use Samsung's convenience codec when connected to a Galaxy smartphone or tablet for stronger signal strength and better sound quality.
