A Gentleman of Means: A steampunk adventure novel featuring smart, brave inventors Shelley Adina, 2019-12-21 How much must one sacrifice for the sake of friendship Lady Claire Trevelyan has had to deal with betrayal before but none is quite so painful as the belief that Gloria Meriwether Astor deserted her and her friends and left them to die under the waters of Venice But when she learns that Gloria has vanished can she do the right thing and attempt to find the missing heiress Of course she must But this does not sit well with the gentlemen in her life who had every reason to believe she planned to settle down at last Suddenly Claire finds herself without a career a fianc or the confidence in her own abilities that has carried her this far Worse Captain Ian Hollys is suffering from the megrims and cannot seem to recover from his dreadful experience as a prisoner Alice s dream of captaining her own ship in England is scuttled Tigg is struggling with a revelation that has turned his life upside down and may result in a betrayal more harrowing than any the flock has yet seen Will the bond of friendship that has brought Claire and the flock together be the very thing that separates them for good Or will love tip the balance and prove that what really defines a gentleman of means is none other than a lady of resources I have to repeat how excellent this series is with the female characters Not just because they re good and capable and interesting but because they re also different Fangs for the Fantasy on A Gentleman of Means A Gentleman of Means is the eighth novel in the Magnificent Devices steampunk cozy fantasy series No strong language just a very proper kiss or two and a satisfying solution If you like books by Gail Carriger Lindsay Buroker or Emma Jane Holloway you re in the right place Enjoy
