Sony Sukmawan, M.Pd dan Dr. Lestari Setyowati, S.Pd., M.Pd, 2023-08-08 A good literary work presents the beauty of form and the beauty of meaning The presence of the beauty aspect should be balanced with the useful aspect Prioritizing the aesthetic aspect alone will distance literature from its readers On the other hand prioritizing the benefits element alone will eliminate the essence of literary works as an art form The aspect of benefit in literary works is related to the disclosure of social inequalities the disclosure of the problems of human life with the complexity of the challenges and the disclosure of life values In the beginning literary works are created to enjoy their beauty However it is undeniable that literary works are also a cultural product As a cultural product literary works are developed by following the wisdom of the times so that over time literature also develops its function Literary work which was originally written just for entertainment by and by gives meaning to those who read them Literary works become meaningful because their content has a lot of contact with social life as there are many reflections of life values within it Social reality ultimately gives colour to the process of creating a literary work This textbook entitled Into the Mind directs learning by providing a complete understanding of the two aspects of literature which are enjoyment and understanding of life
