Equity-Based Career Development and Postsecondary Transitions Erik M. Hines, Laura Owen, 2022-03-01. Former First Lady Michelle Obama believes that every individual should have some type of postsecondary education or training beyond high school to achieve economic and personal success. Reach Higher Initiative. Better Make Room. 2019. Educational attainment e.g. a high school diploma, college degree, or postsecondary training provides career opportunities for advancement into leadership positions and benefits such as health insurance and retirement. Heckman 2000. Additionally, an individual with a college degree can make over one million dollars more over a lifetime in salary than someone with a high school diploma. Carnevale, Cheah, Hanson 2015. Acquiring a college degree can lead to employment opportunities and is considered an asset in the U.S. economy. Washington 2010. However, certain populations encounter barriers to attaining an education, particularly a postsecondary education, leading to a disparity in receiving the aforementioned benefits. Some of these populations include African American students, LGBTQ students, and students with disabilities. There is a dearth of information and research on providing guidance on implementation, research, and best practices in equity-based career development, college readiness, and successful postsecondary transitions for minoritized, at-risk, or vulnerable populations. The editors of this volume invited authors with research and practice expertise around various student populations in preparing them for college and career readiness as well as postsecondary transitions. This book is the first of its kind to discuss career development and postsecondary transitions from an access and equity perspective. Further, this text serves as a call to action to ensure the United States' most vulnerable populations have an opportunity to successfully transition into multiple postsecondary options after high school.

A Most Tolerant Little Town Rachel Louise Martin, 2024-07-23. An intimate portrait of a small Southern town living through tumultuous times, this propulsive piece of forgotten civil rights history about the first school to attempt court-ordered desegregation in the wake of *Brown v. Board of Education* will forever change how you think of the end of racial segregation in America. In graduate school, Rachel Martin volunteered with a Southern oral history project. One day, she was sent to a small town in Tennessee in the foothills of the Appalachians where locals wanted to build a museum to commemorate the events of August 1956 when Clinton High School became the first school in the former Confederacy to undergo court-mandated desegregation. After recording a dozen interviews, Rachel asked the museum's curator why everyone she'd been told to gather stories from was white. Weren't there any Black residents of Clinton who remembered this history? A few hours later, she got a call from the head of the oral history project: the town of Clinton didn't want her help anymore. For years, Rachel Martin wondered what it was the white residents of Clinton didn't want.

remembered So she went back eventually interviewing sixty residents including the surviving Black students who d
desegregated Clinton High to piece together what happened back in 1956 the death threats and beatings picket lines and
cross burnings neighbors turned on neighbors and preachers for the first time at a loss for words The national guard had
rushed to town followed by national journalists like Edward Murrow and even evangelist Billy Graham And still tensions
continued to rise until white supremacists bombed the school In A Most Tolerant Little Town Rachel Martin weaves together
a dozen disparate perspectives in an intimate and yet kaleidoscopic portrait of a small town living through a tumultuous
turning point for America The result is a propulsive piece of forgotten civil rights history that reads like a ticking time bomb
and illuminates the devastating costs of being on the frontlines of social change You may have never before heard of Clinton
but you won t be forgetting the town anytime soon
