

APPENDIX

Sample student essays

This appendix includes six student essays based on five readings, both short stories and non-fiction selections, included on previous English Exit Exams. The markers' assessments for each of the three areas measured by the Exam: Comprehension and Insight, Organization of Response, and Expression, are listed at the beginning of each example. There are no comments on the essays themselves. This is consistent with the practice followed during the marking sessions, as markers do not make any corrections or notes on the original copies. However, for illustrative purposes, certain parts of each essay have been highlighted.

A commentary and a completed assessment sheet follow each example. The commentary provides an explanation of the way the essay was marked. Note that for each criterion, a student may earn an **M+** (well met), an **M** (met), or an **M-** (not met). These assessments translate into letter grades, from A to F, for each of the three areas listed above. For an illustration, refer to page 5 of the *Marking Guide* to review the grid used by markers of the exam. Detailed descriptions of assessments of **M+**, **M**, or **M-** for all criteria may be found in the relevant sections of the *Marking Guide*.

M+, *well met*, means that the student has "clearly met and surpassed the objective."

M, *met*, means that "the student has adequately met the objective."

M-, *not met*, means that "the student has not met the objective."

Note that students may earn an A in a category by indicating that they have very good to excellent mastery of the Exam requirements. An essay that is awarded A's may contain some flaws, but overall it is judged to have "clearly met and surpassed the objective" by earning **M+** in 3 or 4 of the categories associated with the criterion. In contrast, a student may make many errors in one category, thus earning an **M-** in that area, and still earn a **C** on the criterion, overall, if markers assess the student as having met (**M**) the other three objectives.

The grading system was designed specifically to be used to mark this exam and "is not intended to correspond to letter grade systems used elsewhere." (*Marking Guide* 5)
