Last-Minute Checklist

1. Know the exact date, time and location of the test administration session.
2. Bring to the test session:
 1. your **Personal Record Identifier** (PRI, if you are a public servant)
 2. one piece of **signature and photo identification**
 3. a calculator (if you wish)
 4. a watch (if you wish)

If you have a disability and you require special testing accommodations, you are responsible to notify the test administrators well in advance of the testing date so that they can take the necessary steps to determine the appropriate accommodations for your specific needs.

Taking the GCT2: General Test-Taking Tips & Information

1. Read this entire publication and be sure to complete the practice test following all of the instructions. Doing so will help you to become familiar with the GCT2 and to work at the appropriate pace.
2. If you want additional practice, you may wish to consult the reference sections in a local public library, or in bookstores, for preparation books on standardized tests.
3. Try employment tests and school tests (whether or not they count for something) as well as tests, quizzes and puzzles in magazines, newspapers and quiz books. If there are no time limits, set them yourself.
4. Read the whole question and look at all of the answer choices before choosing an answer. It is often a mistake to think that because the first or second answer choice looks good to you, you do not need to read the remaining choices.
5. Pace yourself: Since each question is worth the same amount (1 point), you should try to do as many of the questions as you can. While estimating the average amount of time to be spent on each question is useful, you should note that the questions on the test are increasingly more difficult toward the end and, therefore, may require more time to solve.
6. Make sure the numbered space on the answer sheet matches the number of the question you are answering. Remember that if you skip a question you must also skip the corresponding answer space on the answer sheet.
