Moderators and Mediators of Youth Treatment Outcomes Marija Maric, Pier J. M. Prins, Thomas H. Ollendick, 2015 The study of moderation and mediation of youth treatment outcomes has been recognized as enormously beneficial in recent years. However, these benefits have never been fully documented or understood by researchers, clinicians, and students in training. After nearly 50 years of youth treatment outcome research, identifying moderators and mediators is the natural next step, shifting focus to mechanisms responsible for improved outcomes, identifying youth who will benefit from certain treatments, or who are in need of alternative treatments, and recognizing the challenges associated with the study of moderators and mediators and their routine use in clinical practice. *Moderators and Mediators of Youth Treatment Outcomes* examines conceptual and methodological challenges related to the study of moderation and mediation and illustrates potential treatment moderators and mediators for specific disorders. The volume also considers empirical evidence for treatment moderators and mediators of specific disorders and illustrates how theoretical and empirical knowledge regarding moderators and mediators can be harnessed and disseminated to clinical practice. This book will be invaluable to researchers conducting treatment outcome studies, both efficacy and effectiveness; clinicians interested in evidence-based work and in understanding for whom and why certain treatments work; and students of clinical child and adolescent psychology and psychiatry.

2 Nancy Caroline's *Emergency Care in the Streets* Seventh Edition transforms the legendary paramedic textbook first developed by Dr. Caroline in the early 1970s into the premier paramedic education program. The Paramedic Association of Canada is proud to continue this legacy and set the new gold standard for paramedic education. The Seventh Edition reflects the collective experience of its top-flight Canadian author team and decades of street wisdom. This fully updated edition addresses the National Occupational Competency Profiles with clarity and precision in a concise format that ensures student comprehension and encourages critical thinking. This edition emphasizes the notion that becoming a paramedic must be a pursuit of excellence. Concepts of team leadership and professionalism are woven throughout the chapters, challenging students to become compassionate, conscientious health care professionals as well as superior clinicians. This edition also broadens the traditional boundaries to include new and emerging areas of paramedic practice.

Current State of the Art: Medical Content The Seventh Edition includes in-depth coverage of anatomy, physiology, and pathophysiology to

form an advanced understanding of the human body and disease processes expected of today's paramedic. Three new chapters have been added to this edition: Community Paramedicine, Research and Quality, and Mechanical Ventilation. The first two represent areas of growth in the scope, role, and importance of paramedics in an integrated health care system. The third acknowledges the paramedics' ability to provide advanced therapies prior to arrival at the hospital and a growing reliance on paramedics in transfer of critically ill patients in a regionalized delivery of care.

Clear Approach to Patient Assessment and Management The Seventh Edition teaches and reinforces the concept of patient assessment with a single comprehensive chapter ensuring that students understand patient assessment as a single integrated process the way that providers actually practice it in the field. Each clinical chapter reinforces the steps of the patient assessment process within the context of the illnesses or injuries discussed in the chapter.

Strong Application to Real World EMS Patient case studies evolve throughout every chapter, offering students a genuine context for the application of the knowledge presented. This approach shows the student how all of the information will be used to help patients in the field. An additional case concludes each chapter and presents critical thinking questions to cement the chapter's concepts.
