Segel,1995 While Carlo Collodi s internationally revered Pinocchio may not have been the single source of the modernist fascination with puppets and marionettes the book s appearance on the threshold of the modernist movement heralded a new artistic interest in the making of human likenesses And the puppets marionettes and other forms that figure so vividly and provocatively in modernist and avant garde drama can according to Harold Segel be regarded as Pinocchio s progeny Segel argues that the philosophical social and artistic proclivities of the modernist movement converged in the discovery of an exciting new relevance in the puppet and marionette Previously viewed as entertainment for children and fairground audiences puppets emerged as an integral component of the modernist vision They became metaphors for human helplessness in the face of powerful forces from Eros and the supernatural to history industrial society and national myth Dramatists used them to satirize the tyranny of bourgeois custom and convention to deflate the arrogance of the powerful and to breathe new life into a theater that had become tradition bound and commercialized Pinocchio s Progeny offers a broad overview of the uses of these figures in European drama from 1890 to 1935 It considers developments in France Spain Italy Austria Germany

Sweden Russia Poland and Czechoslovakia In his introduction Segel reviews the premodernist literary and dramatic treatment of the puppet and marionette from Cervantes Don Quixote to the turn of the century European cabaret His epilogue considers the appearance of puppets and marionettes in postmodern European and American drama by examining works by such dramatists as Jean Claude Van Itallie Heiner MA1 4ller and Tadeusz Kantor **The Parents Party Book** Eleanor Levie, Editors of Parents Magazine, 2004-04-19 Offers advice on planning and hosting children's parties covering such topics as invitations activities decorations food favors and safety *Italian Crafts* Janet D'Amato, Alex D'Amato, 2014-07-28 The folk artists of Italy have created some of the most beautiful crafts in the world laces mosaics leatherwork quilting and wood inlay are among the most well known In this vintage book originally published in 1977 Janet and Alex D Amato explore these traditional Italian crafts as well as others not so well known such as tambour a kind of crocheting worked directly into a fabric straw marquetry a mosaic like craft done with tiny pieces of straw wood carving and quillwork They explain each craft as it was originally practiced then adapt it to make contemporary craft pieces The projects include an embroidered full length apron a bobbin lace wall hanging a straw marquetry box jewelry and many more Also included are instructions for a Presepio a traditional Italian manger scene and a Pinocchio marionette Italian Crafts will teach you the traditional folk arts of Italy and will inspire you to use those folk arts in new and creative ways There are line drawings and photographs throughout this unique book **Flights Of Fancy 1: A Journey Through Poetry, Prose And Drama (2nd Edition)** , *Go Kids Manual* Shradha Anand, The Gokids Series Set is a complete pre school kit for learners between 3 5 years of age The series is based on the aspects of Learning by Doing and Learning through Play This series advocates that Interest is the driving force for learning and that Play is a happy learning experience All books in this series are age appropriate and well graded
