Pirate Bay Alternatives:

Introduction to The Pirate Bay Gilad James, PhD, **Digital Media Ethics** Charles Ess, 2020-02-24 The original edition of this accessible and interdisciplinary textbook was the first to consider the ethical issues of digital media from a global cross cultural perspective This third edition has been thoroughly updated to incorporate the latest research and developments including the rise of Big Data AI and the Internet of Things The book s case studies and pedagogical material have also been extensively revised and updated to include such watershed events as the Snowden revelations Gamergate the Cambridge Analytica scandal privacy policy developments and the emerging Chinese Social Credit System New sections include Death Online Slow Fair Technology and material on sexbots The ethical toolkit that introduces prevailing ethical theories and their applications to the central issues of privacy copyright pornography and violence and the ethics of cross cultural communication online has likewise been revised and expanded Each topic and theory are interwoven throughout the volume with detailed sets of questions additional resources and suggestions for further research and writing Together these enable readers to foster careful reflection upon writing about and discussion of these issues and their possible resolutions Retaining its student and classroom friendly approach Digital Media Ethics will continue to be the go to textbook for anyone getting to grips with this important topic

Peer to Peer and the Music Industry Matthew David, 2010 Have the music and movie industries lost the battle to criminalize downloading This penetrating and informative book provides readers with the perfect systematic critical guide to the file sharing phenomenon Combining inter disciplinary resources from sociology history media and communication studies and cultural studies David unpacks the economics psychology and philosophy of file sharing The book carefully situates the reader in a field of relevant approaches including Network Society Theory Post structuralism and ethnographic research It uses this to launch into a fascinating enquiry into the rise of file sharing the challenge to intellectual property law posed by new technologies of communication the social psychology of cyber crime and the response of the mass media and multi national corporations The book concludes with a balanced eye opening assessment of alternative cultural modes of participation and their relationship to cultural capitalism This is a landmark work in the sociology of popular culture and cultural criminology It fuses a deep knowledge of the music industry and the new technologies of mass communication with a powerful perspective on how multinational corporations seek to monopolize markets how international and state agencies defend property while a global multitude undermine and or reinvent both

Foundations of Critical Media and Information Studies Christian Fuchs, 2011-03-01 Foundations of Critical Media and Information Studies lays down foundations for the analysis of media information and information technology in 21st century information society as well as introducing the theoretical and empirical tools necessary for the critical study of media and information Christian Fuchs shows the role classical critical theory can play for analyzing the information society and the information economy as well as analyzing the role of the media and the information economy in economic development the

new imperialism and the new economic crisis The book critically discusses transformations of the Internet web 2 0 introduces the notion of alternative media as critical media and shows the critical role media and information technology can play in contemporary society This book provides an excellent introduction to the study of media information technology and information society making it a valuable reference tool for both undergraduate and postgraduate students of subjects such as Media Studies Sociology of Media Social Theory and New Media

Killer Tapes and Shattered Screens Caetlin Anne Benson-Allott,2013-02-20 Since the mid 1980s US audiences have watched the majority of movies they see on a video platform be it VHS DVD Blu ray Video On Demand or streaming media Annual video revenues have exceeded box office returns for over twenty five years In short video has become the structuring discourse of US movie culture Killer Tapes and Shattered Screens examines how prerecorded video reframes the premises and promises of motion picture spectatorship But instead of offering a history of video technology or reception Caetlin Benson Allott analyzes how the movies themselves understand and represent the symbiosis of platform and spectator Through case studies and close readings that blend industry history with apparatus theory psychoanalysis with platform studies and production history with postmodern philosophy Killer Tapes and Shattered Screens unearths a genealogy of post cinematic spectatorship in horror movies thrillers and other exploitation genres From Night of the Living Dead 1968 through Paranormal Activity 2009 these movies pursue their spectator from one platform to another adapting to suit new exhibition norms and cultural concerns in the evolution of the video subject

Expect Us Jessica L. Beyer,2014-07-03 In Expect Us Beyer looks at political consciousness and action in four communities each born out of chaotic online social spaces that millions of individuals enter spend time in and exit moment by moment Anonymous 4chan org IGN com World of Warcraft and The Pirate Bay Using a comparative ethnographic framework she demonstrates that the technological organization of space itself has a strong role in determining the possibility for political mobilization

Communication Law Dom Caristi,William R Davie,Laurie Thomas Lee,2021-11-29 This fully revised third edition brings a fresh approach to the fundamentals of mass media and communication law in a presentation that undergraduate students find engaging and accessible Designed for students of communication that are new to law this volume presents key principles and emphasizes the impact of timely landmark cases on today s media world providing an applied learning experience This new edition offers expanded coverage of digital media law and social media a wealth of new case studies expanded discussions of current political social and cultural issues and new features focused on ethical considerations and on international comparative law Communication Law serves as a core textbook for undergraduate courses in communication and mass media law This edition includes timelines to show students what happened when in the legal process These simple diagrams are available at www.routledge.com/9780367546694
