

Hospice Face-to-Face Encounter Final Rule Published

Summary at a Glance:

Late Tuesday afternoon, November 2nd, the Federal Register posted the final rule for the Hospice Face-to-Face Encounter as part of the Final Rule entitled: Medicare Program; Home Health Prospective Payment System Rule Update for Calendar Year 2011; Changes in Certification Requirements for Home Health Agencies and Hospices. Highlights in the final rule are as follows:

- A hospice physician, hospice Nurse Practitioner, or incident/fellow physician rotating through the hospice may perform the face-to-face encounter.
- CMS clarified that the face-to-face encounter is based on benefit periods and not on actual days of care.
- Visit Timeliness is now 30 days. CMS has expanded the time frame for face-to-face encounters to 30 days prior to the start of the 180-day recertification, and each subsequent recertification.
- CMS has changed the language to 418.22 (CJ4) from "must visit" to "have a face-to-face encounter" in order to make clear that the hospice has flexibility for the practitioner to see the patient – either at the patient's home or by the patient coming to see the physician or NP.

Clarification that the face-to-face encounter is NOT billable. The billing regulations for hospices do not allow for physician reimbursement for administrative activities of physicians.

The Requirement:

The Affordable Care Act amends section 1814(a)(17) of the Social Security Act to require that on and after January 1, 2011, a hospice physician or nurse practitioner (NP) must have a face-to-face encounter with every hospice patient to determine the continued eligibility of that patient prior to the 180-day recertification, and prior to each subsequent recertification. Furthermore, the Affordable Care Act requires that the hospice physician or NP attest that such a visit took place, in accordance with procedures established by the Secretary of the HHS.

Specific provisions in the final rule:

1. Who Can Perform the Encounter?

Physicians:

- **Certifying terminal illness:** By statute, only a physician (not a NP) may certify a patient's terminal illness.
- **Definition of hospice physician:** A "hospice physician" is a physician either employed by or working under arrangements with a hospice (i.e., contractors).
- **Increased accountability:** By limiting "hospice physician" to those physicians who are employed by or working under contract with a hospice, CMS also increases accountability, as the hospice is in control of its employees and contracted physicians.

Armed and Considered Dangerous Peter Henry Rossi, 2008-02-01 Armed and Considered Dangerous is a book about bad guys and their guns But Wright and Rossi contend that for every suspected criminal who owns and abuses a firearm a hundred or more average citizens own guns for sport for recreation for self protection and for other reasons generally regarded as appropriate or legitimate Armed and Considered Dangerous is the most ambitious survey ever undertaken of criminal acquisition possession and use of guns There are vast differences between the average gun owner and the average gun abusing felon but the analyses reported here do not suggest any obvious way to translate these differences into gun control policies Most policy implications drawn from the book are negative in character this will not work for this reason that will not work for that reason and so on When experts are asked Okay then what will work they usually fall back on the old warhorses of poverty the drug problem or the inadequate resources of the criminal justice system and otherwise have little to say This is not a failure of social science It simply asks more of the data than the data were ever intended to provide Several of Wright and Rossi s findings have become coin of the realm in the gun control debate cited frequently by persons who have long since forgotten where the data came from or what their limitations are Several other findings including many that are important have been largely ignored Still other findings have been superseded by better and more recent data or rendered anachronistic by intervening events With the inclusion of a new introduction detailing recent statistics and updated information this new edition of Armed and Considered Dangerous is a rich source of information for all interested in learning about weapon behavior and ownership in America
