Blackjack Analysis User's Manual Advanced Gaming Research,2005-02-01 Blackjack Analysis User s Manual is a manual that can be used as a stand alone manual to learn about blackjack and at the same time introduce blackjack analysis but more importantly it is a manual to be used with the Blackjack Analysis application The manual covers the basics of blackjack including betting the deal playing the game basic strategy the settlement insurance surrender and some counting methods It then introduces blackjack analysis and explains how you can significantly increase the chances of winning by analyzing the principles of the blackjack game Blackjack Analysis is a revolutionary program that will give you the tools necessary to win consistently Five years of development research testing and field trials have culminated into a manual and program that will

- 1 Give you the means to find how a playing system will stand up at the blackjack table without the use of card counting
- 2 Give you a way to find a good playing system that will win at the blackjack table at the best possible rate without the use of card counting

The manual shows how to effectively use the Blackjack Analysis computer application to increase your chances of winning It explains how to navigate through the different menus and windows and demonstrates how you can effectively change parameters to find a betting strategy that not only matches your style of playing but one that will maximize your potential for winning Through statistical data and mathematical formulas this blackjack program analyzes interprets and creates custom tailored strategies that will either examine your current betting strategy or create a winning strategy for you All data is given in easy to understand printed reports and or on screen forms With the help of Blackjack Analysis the author plays very conservatively and wins about 75% of the time Using the application for more aggressive playing systems can lead to as high as 90% or more of consistent winning at the blackjack table A player can use the application to find a playing system that is suited to his personality bankroll how long he wants to stay at the table and his general feeling about the game Through this program you can take the game of blackjack to the next level
