Philips Songbird User Guide:

Peterson Reference Guide to Sparrows of North America Rick Wright (Bird tour leader), 2019 Sparrows are as complicated as they are common This is an essential guide to identifying 76 kinds along with a fascinating history of human interactions with them What exactly is a sparrow All birders and many non birders have essentially the same mental image of a pelican a duck or a flamingo and a guide dedicated to waxwings or kingfishers would need nothing more than a sketch and a single sentence to satisfactorily identify its subject Sparrows are harder to pin down This book covers one family Passerellidae which includes towhees and juncos and 76 members of the sparrow clan Birds have a human history too beginning with their significance to native cultures and continuing through their discovery by science their taxonomic fortunes and misfortunes and their prospects for survival in a world with ever less space for wild creatures This book includes not just facts and measurements but stories of how birds got their names and how they were discovered of their entanglement with human history
