Arranged into geographical sections covering Africa, Asia, South America, North America, and Oceania, the book presents original research in Global South countries or by Global South researchers and practitioners, sometimes in collaboration with colleagues from the Global North. It highlights practices and theories created, developed, interpreted, and reinterpreted by people who belong to the communities where these sporting experiences have been taking place and whose critical reflections and experiences have yet to gain attention in international academic and practitioner communities in the English language. The book presents the views of diverse stakeholders: programme participants, promoters, coaching staff, volunteers, researchers, teachers, lecturers, and other actors that have been difficult to access for researchers who do not usually speak languages other than English.
