Implementing an Inclusive Staffing Model for Today's Reference Services Julia K. Nims,Paula Storm,Robert Stevens,2013-11-26 Reference service remains a core function of modern libraries However how and where we provide assistance has evolved with changing technologies and the shifting habits and preferences of our users One way libraries can provide the on demand in person assistance while managing and developing new services and resources that will benefit current and future users is to reconsider how their reference points and services are staffed and adopt a staff based reference model The authors staff members at Eastern Michigan University chose to address this by implementing an inclusive reference model in which staff and student assistants are trained to answer certain levels of reference questions while working at the reference desk and at other service points The result was that librarians became more available to work with students who needed in depth assistance and users were able to get simple questions answered throughout the library Similar training for all staff and student assistants who work in the library results in better service

more accurate answers and improved interdepartmental communication In *Implementing an Inclusive Staffing Model for Today's Reference Services* they describe step by step how to transition from the traditional librarian staffed reference desk to an inclusive reference model where non MLS personnel are equipped and empowered to answer reference questions wherever these questions might be asked Users ask questions of staff at all service points not just at the Reference Desk It is vitally important that those who work at circulation periodicals maps archives and other public service points be trained in how to answer certain reference questions When this is accomplished users who have simple questions will not have to make useless treks to the Reference Desk Topics covered include Recognizing that nearly all staff answer reference questions but few are trained to do so documenting the necessity for a change in reference model gaining buy in from all interested parties librarians non MLS staff and administrators determining the optimal staffing level creating training materials and schedules monitoring the quality of reference service supervising staff evaluating the new model using multiple methods Additionally each chapter contains practical resources such as checklists forms and sample materials and other usable features to support readers as they implement the inclusive reference model The book describes in detail the process of transforming traditional reference into a model that transcends departmental and job title boundaries is focused on the user and allows librarians to better utilize their time and talents and include non professional staff in their reference services

Care without Pathology Christoph Hanssmann, 2023-11-21 Examining trans healthcare as a key site through which struggles for health and justice take shape Over the past two decades medical and therapeutic approaches to transgender patients have changed radically from treating a supposed pathology to offering gender affirming care Based on ethnographic fieldwork in New York City and Buenos Aires *Care without Pathology* moves across the Americas to show how trans health activists have taken on the project of depathologization In New York Christoph Hanssmann examines activist attempts to overturn bans on using public health dollars to fund trans health care In Argentina he traces how trans activists marshaled medical statistics and personal biographies to reveal state violence directed against trans people and travestis Hanssmann also demonstrates the importance of understanding transphobia in the broader context of gendered racism ableism and anti-poverty arguing for the rise of a thoroughly coalition based mass mobilization *Care without Pathology* highlights the distributive arguments activists made to access state funding for health care combating state arguments that funding trans health care is too specialized too expensive and too controversial Hanssmann situates trans health as a crucible within which sweeping changes are taking place with potentially far reaching effects on the economic and racial barriers to accessing care

Medical Residencies and Specialty Courses United States. Department of the Navy. Bureau of Medicine and Surgery, 1966 **The Counterweight Handbook** Helen Pluckrose, 2024-06-17 The stated goals of diversity equity and inclusion programs are often reasonable if not noble to create a more welcoming and inclusive environment for all Yet as more and more people are discovering DEI as commonly practiced isn't a natural extension of past civil rights movements or

an ethical framework for opposing discrimination on the grounds of race sex etc Rather it is inextricably connected with an illiberal and authoritarian ideology Critical Social Justice that demands adherence to its tenets and punishes any dissent from its dogma Even the mildest questions about Critical Social Justice claims that all white people are racists that all underrepresented minorities are oppressed that sex and gender differences have no biological basis that censorship is a necessary good are regularly met by DEI trainers and HR officers with pat commands Educate yourself Do the work Listen and learn At work raises promotions and future employment often depend on our nodding approval of such claims At school grades nominations and awards are often contingent upon our active agreement with these beliefs In our daily lives Critical Social Justice ideology poses a genuine threat not only to our fundamental rights but also to the future of our democratic systems but if we suggest this we risk being canceled or shunned by community members When facing a choice between silent submission and risky if ethical opposition what is a person to do While a growing number of groups concerned about the nature of Critical Social Justice have begun to attack it from the top down through legal financial and political means The Counterweight Handbook takes a decidedly different and novel approach It works from the bottom up and is written to empower individuals who wish to combat Critical Social Justice in their personal and professional lives Based on the author's years of experience studying exposing and fighting Critical Social Justice ideology and advising individuals and organizations struggling with it The Counterweight Handbook is designed to help people address Critical Social Justice problems in the most ethical and effective way possible It not only offers principled responses to the main claims of Critical Social Justice but also teaches individuals what to do when they are asked to affirm beliefs they do not hold undergo training in an ideology they cannot support or submit to antiscientific testing and retraining of their unconscious minds In short it is for all of us who believe in freedom of speech and conscience who wish to push back against the hostile work and educational environments Critical Social Justice has created and who want to stand up for our individual liberties and universal rights
