Library 101 Claire Gatrell Stephens, Patricia Franklin, 2015-08-26 This professional primer provides the blueprint to help you create a school library program covering all aspects of library management such as budgeting eBook use purchasing and teacher collaboration Advice and strategies from experts in the field will help you master collection development library administration recruitment and staffing This handbook is the perfect introduction to school library management for both novice and seasoned professionals The authors both experienced school librarians provide basic guidelines for overseeing an effective library program practical examples that can be used to implement quality lessons comprehensive coverage of key topics including daily tasks and human resource management and ideas for the future of school library management The provided strategies make setting up and running a program easy for professionals at any level The second edition includes updated information on the latest trends terminology and technologies current in the field The book is organized into three sections focusing on daily operations your role as a teacher collaborator and visionary and methods for managing a collection Included resource lists sidebars charts and pictures offer tips and ideas for successfully implementing your plans **A**

Beginner's Guide to Digital Video Peter Wells, 2004-08 Lifting the lid on the potential of digital video the author explains from start to finish how to make a movie Fundamentals such as storytelling are explained and there is also an introduction to special effects Finally there is a guide to available camcorders and editing systems **The EBay Price Guide** Julia L.

Wilkinson, 2006 Provides lists of selling prices of items found on eBay in such categories as antiques boats books cameras coins collectibles dolls DVDs real estate stamps tickets and video games **The Multimedia Handbook** Tony

Cawkell, 2003-09-02 The Multimedia Handbook provides a comprehensive guide to the wide range of uses of multimedia The first part of the book introduces the technology for the non specialist Part Two covers multimedia applications and markets Tony Cawkell details the huge array of authoring software which is now available as well as the distribution of multimedia data by telephone cable satellite or radio communications There is an extensive bibliography a glossary of technical terms and acronyms and a full index **Video Magazine** , 1998 **The Savvy Guide to Home Theater** , 2004 Assists the reader

with the purchase upgrade and installation of his or her home theatre system This guide helps the reader in identifying movies or enjoying music After reading this book the reader is able to make educated choices in the purchase of components and cabling whether building a system from scratch or adding one piece at a time **Sound & Vision** , 2007 **The**

Complete Idiot's Guide to Growing Your Business with Google Dave Taylor, 2005-08-02 The search engine for success Using the Internet to increase the visibility of a small business today is no easy task It can take a lot of time energy and money especially if you re not a computer expert Here readers can get a valuable overview of how search engines web sites ad services and web logs can all work together to build a business as well as practical hands on tips tricks and planning tools to help readers create and execute a plan that utilizes the Internet to its fullest Google is widely recognized as the world s

largest search engine an easy to use free service that usually returns relevant results in a fraction of a second Author holds an MBA and has started and run several small businesses in addition to being a well known technology book author Perfect for the entrepreneur and small business market **Vietnam's Socialist Servants** Minh T. N. Nguyen, 2014-08-27 Since Vietnam introduced economic reforms in the mid 1980s domestic service has become an established sector of the labour market and domestic workers have become indispensable to urban life in the rapidly changing country This book analyzes the ways in which the practices and discourses of domestic service serve to forge and contest emerging class identities in post reform Vietnam Drawing on a rich and diverse range of qualitative data including ethnographies interviews and narratives it shows that such practices and discourses are rooted in cultural notions of gender and rural urban difference and enduring socialist structures of feeling which in turn clash with the realities of growing differentiation Domestic workers experiences reveal negotiations with class boundaries actively set by the urban middle class who seek distinction through emerging notions and practices of domesticity These boundaries are nevertheless riddled with gender and class anxiety on the side of the latter partly because of the very struggles and contestations of the domestic workers More broadly Minh T N Nguyen links the often invisible intimate dynamics of class formation in the domestic sphere with wider political economic processes in a post socialist country embarking on marketization while retaining the political control of a party state As a pioneering ethnographic study of domestic service in Vietnam today this book will be of great interest to students and scholars of Southeast Asian culture society social anthropology gender studies human geography and development studies
