Coaching

Michael D. Sabock, Ralph J. Sabock, 2017-01-05. *Coaching: A Realistic Perspective* is the ideal textbook for anyone entering the coaching profession of any sport. More than detailing the duties and tasks of a coach, this book explores the often overlooked issues and responsibilities that go hand in hand with coaching relationships among players, parents, and fans; ethical and moral issues and controversies; off-season housekeeping duties and concerns particular to head and assistant coaches as well as single and married coaches. Similar to its previous edition, the eleventh edition includes end-of-chapter discussion questions to help inspire debate over common coaching issues. This edition has been updated to reflect the impact of social media on the coaching profession, including how it can be used in good, positive ways and how it can be detrimental to coaches and athletes if not used properly. It also features updated material on the issue of hazing, a huge concern today in all levels of athletics.

DEFENSIVE BASKETBALL DRILLS Coach Vann, *DEFENSIVE DRILLS: The Defensive Drill Playbook* was written with one single purpose: to help coaches plan and execute more efficient practices. Defense is the foundation of a successful basketball team. Building a solid defensive foundation is just as important as having an effective offense. By executing their fundamental skills and maintaining their focus, your team will be able to outpace their opponents and prevent them from scoring. It all starts with the drills. Plan your practices to teach the progression of lockdown defense the same way Coach Vann does. Coach Vann has a career winning percentage over 800, and part of his success can be attributed to having a solid defense. Teach it the same way he does. The stance, the slides, the closeouts, and more are all part of the Defensive Drills book, quite possibly the only defensive resource you will ever need. One of the biggest challenges beginning coaches face is determining how to structure their training. Thinking ahead and planning out the season are crucial to a team's success and the overall growth of the players. Use this guide to build a basketball team that is not only successful but also thrives throughout the season. You will also learn how to teach your players how to stop the most common offensive actions that they will see during a season. Practice against the best in the league that there are no excuses, no excuses, and take away what your opponents do best. Slow down great offensive players and win games with your defense. The book is broken down into 36 specific defensive actions.
