Time is Money

Life is a journey travelled on the highway of time. Therefore, time is precious. Every moment in life should be properly utilized, as time, once lost, can never be recovered. And there is no way to stop it. Time should be properly utilized, as time, once lost, can never be recovered. And there is no way to stop the hands of time from ticking. Hence right from childhood, one should learn to appreciate the value of time. Just as one should learn to make the best use of money, one should learn to make the best use of time, too. It has been rightly said, 'Time and tide wait for none.' People who realize the value of time, believe in action rather than procrastination. They use it to acquire knowledge and various useful skills.
