Kirby, 2013-12-05 A workbook style study guide for the Praxis II R 0061 Math exam Included 146 practice questions A detailed solution to every problem Discussion of 109 high yield topics Concepts explained in straightforward language Praise from the first edition The examples and explanations are great in this book I saw at least two if not more similar problems on my exam The author also gives tips on how to solve different problems via a graphing calculator Best of all I PASSED on the first try For those who do not specialize in math or

have not completed recent coursework It does not go as in depth to all the subjects of the test as other books but it was sufficient for me I am a mathematics mathematics education double major and I took the test a year after I completed all of my coursework TeachMath12 5 star review on Amazon com As someone looking just for practice problems for the Praxis II math exam this book was exactly what I was looking for I took the exam today and the problems and topic areas were on target with the test I would recommend this for anyone looking for a quick refresher and plenty of example problems Kacie 5 star review on Amazon com I had taken the Praxis 2 several times and had not passed I got this book the week before I was scheduled to take the test and I finally passed I would recommend this book to anyone Hlaughorn 5 star review on Amazon com I just went through 0061 and I feel this one is the most effective review guide for the test It is more close to the real test than any other book I used Some other books on this topic just state a lot what will be tested in the test that is useless in taking the test which is solving problem all the way In this book the author gave a lot examples and some practice that directly like what is in the test If you do not have much time do not waste time searching like I did just pick this one There is little choice No other review guide for 0061 is better than this one Wei Qui 5 star review on Amazon com This book is a gem I am taking the test in about a month and this book allowed me to jump right into problem solving and practice It quickly moves across the range of topics which gave me the opportunity to assess my weaknesses and strengths The discussion of each solution is excellent suggesting more than one approach in many examples And several of the examples are pretty humorous and fun Mark W Frazier 5 star review on Amazon com The book is a great resource for test taking tips but I would use it in conjunction with one of the others for the practice tests There is only one VERY short practice quiz in this book but there are lots of examples praxistaker 3 star review on Amazon com
