

Pre-Calculus

Functions

A **function** is a relation in which each element of the domain (independent variable) is paired with only one element of the range (dependent variable). In many cases x is the independent variable and y or $f(x)$ is the dependent variable. In this guide y and $f(x)$ are interchangeable.

A function

Not a function

A function

A function

A relation can be tested to see whether it is a function by the vertical line test. Draw a vertical line through any graph, and if it hits an x -value more than once, it is not a function.

Linear Functions

A function is a linear function if it can be written in the form $f(x) = mx + b$ or $y = mx + b$ where m is the slope and b is the y -intercept.

EX: $f(x) = 4x - 1$ is a linear function. The slope is $\frac{4}{1}$ (rise over run), and the y -intercept is -1 .

The standard form of a linear function is $0 = Ax + By + C$. The slope is $m = -\frac{A}{B}$, and the y -intercept is $-\frac{C}{B}$.

The zeros of a function are found by setting y to 0 and solving for x .

EX: Find the zeros of $f(x) = 4x - 1$.

$$0 = 4x - 1 \quad -1 = 4x \quad -\frac{1}{4} = x$$

Polynomial Functions

A function is a polynomial function if it can be written in the form $f(x) = ax^n + bx^{n-1} + cx^{n-2} + \dots + dx + e$.

The greatest power of a polynomial with one variable is called its **degree**.
When the degree of the function is an odd integer, there is at least one real zero.

When the degree is an even integer, there may be no real zeros.

Both types can have imaginary roots of the form $a + bi$.

EX: $f(x) = 2x^4 + x^3 + x + 10$ has a degree of 4. There are four roots to this polynomial.

EX: $f(x) = 2x^3 + x^2 - 2x + 3$ has a degree of 3. This function has one real zero at $x = -1.17$ and two non-real roots. (see graph)

EX: $f(x) = x^2 + 1$ has a degree of 2. This function has two non-real roots. Its graph does not cross the x -axis.

$x = -1.17213$
 $y = 0.00086$

Quadratic Functions

One commonly studied polynomial function is a quadratic function.

A quadratic function takes the form $f(x) = ax^2 + bx + c$.

The graph of a quadratic equation is a **parabola**.

Some parabolas represent quadratic equations but not quadratic functions. (see graph)

Quadratic equations can have zero, one, or two solutions.

The vertex of a parabola is its **critical point**. This is where the graph changes from increasing to decreasing or from decreasing to increasing.

The quadratic formula $x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$ can be used to find the roots of all quadratic equations.

The value under the square root symbol is the **discriminant**. It tells the type of roots of a quadratic equation.

$b^2 - 4ac > 0$, two distinct real roots

$b^2 - 4ac = 0$, exactly one real root

$b^2 - 4ac < 0$, no real roots (two distinct imaginary roots)

EX: Find the roots of $f(x) = x^2 - 4x + 1$

The discriminant $b^2 - 4ac$ is $(-4)^2 - 4(1)(1) > 0$, so there are two real roots.

$$x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a} = \frac{-(-4) \pm \sqrt{4^2 - 4(1)(1)}}{2(1)}$$

$$x = 3.732 \text{ and } x = 0.267$$

EX: Find the number and type of the roots of $f(x) = 2x^2 + 2x + 1$

The discriminant is less than 0, so there are two imaginary roots. A graph of this function does not cross the x -axis.

EX: Find the number and type of the roots of $f(x) = x^2 + 2x + 1$. The discriminant is 0, so there is one real root. A graph of this function intersects the x -axis in one place, at -1 .

Rational Functions

A function is a rational function if it can be written in the form $f(x) = \frac{g(x)}{h(x)}$

EX: $f(x) = \frac{x}{x+3}$, $f(x) = \frac{2}{x}$, and $f(x) = \frac{1}{x-2} + 3$ are rational functions.

The parent function for all rational functions is $f(x) = \frac{1}{x}$.

The graph of the parent rational function consists of two parts, one in quadrant I and one in quadrant III.

The branches of rational functions approach asymptotes.

A rational function with asymptotes at $x=0$ & $y=0$.

Operations of Functions

Sum: $(f + g)(x) = f(x) + g(x)$

Difference: $(f - g)(x) = f(x) - g(x)$

Product: $(f \cdot g)(x) = f(x) \cdot g(x)$

Quotient: $\left(\frac{f}{g}\right)(x) = \frac{f(x)}{g(x)}$, $g(x) \neq 0$

EX: Given $f(x) = x + 2$ and $g(x) = \frac{x}{x-4}$

Find the difference: $(f - g)(x) = x + 2 - \frac{x}{x-4} = \frac{(x+2)(x-4) - x}{x-4} = \frac{x^2 - 3x - 8}{x-4}$, $x \neq 4$

Find the product: $(f \cdot g)(x) = (x + 2) \cdot \left(\frac{x}{x-4}\right) = \frac{x^2 + 2x}{x-4}$, $x \neq 4$

Find the quotient: $\left(\frac{f}{g}\right)(x) = \frac{x+2}{\frac{x}{x-4}} = (x+2) \cdot \left(\frac{x-4}{x}\right) = \frac{x^2 - 2x - 8}{x}$, $x \neq 0$

Composition of Functions

$(f \circ g)(x) = f(g(x))$

EX: Given $f(x) = x + 2$ and $g(x) = \frac{x}{x-4}$, find $(f \circ g)(x)$

$x + 2$ becomes $\left(\frac{x}{x-4}\right) + 2 = \frac{x}{x-4} + \frac{2(x-4)}{x-4} = \frac{x + 2x - 8}{x-4} = \frac{3x - 8}{x-4}$, $x \neq 4$

EX: Using the same functions, find $(g \circ f)(x)$. $\left(\frac{x}{x-4}\right)$ becomes $\frac{\frac{x}{x-4} + 2}{\frac{x}{x-4} - 4} = \frac{x + 2}{x - 2}$, $x \neq 2$

Inverse Functions

To find the inverse of a function, interchange x and y and solve the equation for y .

EX: Find the inverse of $y = 5x - 2$

Interchange x and y : $x = 5y - 2$

$$x + 2 = 5y \quad \frac{x+2}{5} = y$$

To show two functions are inverses, show that $(f \circ g)(x) = x$ and $(g \circ f)(x) = x$

EX: Given $f(x) = 2x - 4$, $g(x) = \frac{x+4}{2}$, $(f \circ g)(x) = 2\left(\frac{x+4}{2}\right) - 4 = x$, and

$$(g \circ f)(x) = \frac{(2x - 4) + 4}{2} = x$$

Families of Functions

A **parent graph** is the basic graph in a family. All the other family members translate, rotate, reflect, shrink, or stretch based on changes in values.

For a general quadratic function, $f(x) = a(x + h)^2 + c$, the following rules show how the function is transformed.

When a is negative, the graph reflects across the x -axis.

When a is between 0 and 1, the graph shrinks or compresses.

When a is greater than 1, the graph expands.

When h is positive, the graph translates to the left.

When h is negative, the graph translates to the right.

When c is positive, the graph translates up.

When c is negative, the graph translates down.

Note: The parent function (in this case quadratic) could also be an absolute value function, a rational function, an exponential function, etc.

Pre Calculus E2020

Dennis G. Zill, Jacqueline M. Dewar

Pre Calculus E2020:

Barron's Math 360: A Complete Study Guide to Pre-Calculus with Online Practice Barron's Educational Series, Lawrence S. Leff, Christina Pawlowski-Polanish, 2021-09-07 Previously published under the titles Precalculus the easy way and E Z precalculus

Pre-Calculus Ken Yablonsky, 2015-12-31 Each step higher in math studies is crucial to doing well at the next level Pre Calc is the gateway to higher level mathematics of which the best degrees and careers are built upon The core essentials in 6 laminated pages can be used along with your text and lectures as a review before testing or as a memory companion that keeps key answers always at your fingertips The most answers for your money in what students have said is a must have study tool Suggested uses o Quick Reference instead of digging into the textbook to find a core answer you need while studying use the guide to reinforce quickly and repeatedly o Memory refreshing your memory repeatedly is a foundation of studying have the core answers handy so you can focus on understanding the concepts o Test Prep no student should be cramming but if you are there is no better tool for that final review

Precalculus with Calculus Previews Dennis G. Zill, Jacqueline M. Dewar, 2015-11-03 Building off the success of Zill and Dewar's popular Essentials version the new Sixth Edition of Precalculus with Calculus Previews continues to include all of the outstanding features and learning tools found in the original text while incorporating additional topics of coverage that some courses may require With a continued effort to keep the text complete yet concise the authors have included four additional chapters making the text a clear choice for many mainstream courses Additional chapters include a new chapter on Polar Coordinates as well as Triangle Trigonometry Systems of Equations and Inequalities and Sequences and Series

Pre-Calculus For Dummies Mary Jane Sterling, 2018-11-13 Get ahead in pre calculus Pre calculus courses have become increasingly popular with 35 percent of students in the U S taking the course in middle or high school Often completion of such a course is a prerequisite for calculus and other upper level mathematics courses Pre Calculus For Dummies is an invaluable resource for students enrolled in pre calculus courses By presenting the essential topics in a clear and concise manner the book helps students improve their understanding of pre calculus and become prepared for upper level math courses Provides fundamental information in an approachable manner Includes fresh example problems Practical explanations mirror today's teaching methods Offers relevant cultural references Whether used as a classroom aid or as a refresher in preparation for an introductory calculus course this book is one you'll want to have on hand to perform your very best

Essentials of Precalculus with Calculus Previews Dennis Zill, Jacqueline Dewar, 2010-12-15 Perfect for the one term course Essentials of Precalculus with Calculus Previews Fifth Edition provides a complete yet concise introduction to precalculus concepts focusing on important topics that will be of direct and immediate use in most calculus courses Consistent with Professor Zill's eloquent writing style this full color text offers numerous exercise sets and examples to aid in student comprehension while graphs and figures throughout serve to illuminate key concepts The exercise sets include engaging problems that focus on

algebra graphing and function theory the sub text of many calculus problems The authors are careful to use calculus terminology in an informal and accessible way to facilitate the students successful transition into future calculus courses With an outstanding collection of student and instructor resources Essentials of Precalculus with Calculus Previews offers a complete teaching and learning package Prep-course Pre-calculus JJtheTutor,Jonathan T. Richardson,2015-03-04 What every student should know and master prior to starting his or her first College level Pre Calculus course This book is designed to help a student that is preparing for a Pre Calculus course The Prep Course book is an isolation of everything that is crucial from previous courses with an introduction to a real Calculus course If the material within the book is understood and remembered the course will be significantly easier This is a short book that is not intimidating and is explained as simply as possible with no vague descriptions but detailed and pointing out what most students miss The prep course can also act as an aid throughout the course for recalling formulas identities and properties A consolidation of what is essential from Algebra and Trigonometry in order to be successful in Pre Calculus *Explorations and Notes for Precalculus* Eric Schulz,Julianne Sachs,William Briggs,2018-01-30 The Schulz Briggs Cochran Precalculus eText is available only in digital format via MyLab TM Math To help students stay focused and to provide a framework for further exploration the authors have also developed a printed note taking guide called Explorations and Notes The Explorations and Notes can be packaged with the MyLab Math access code or can be accessed electronically within the MyLab Math course 0134654978 9780134654973 Explorations and Notes for Precalculus 2 e **Precalculus** Robert Blitzer,2010 **Precalculus** Sheldon Axler,2012-11-12 Sheldon Axler s Precalculus focuses only on topics that students actually need to succeed in calculus Because of this Precalculus is a very manageable size even though it includes a student solutions manual The book is geared towards courses with intermediate algebra prerequisites and it does not assume that students remember any trigonometry It covers topics such as inverse functions logarithms half life and exponential growth area e the exponential function the natural logarithm and trigonometry The Student Solutions Manual is integrated at the end of every section The proximity of the solutions encourages students to go back and read the main text as they are working through the problems and exercises The inclusion of the manual also saves students money Axlers Precalculus is available with WileyPLUS a research based online environment for effective teaching and learning WileyPLUS sold separately from text Precalculus with Calculus Previews Dennis G. Zill,Warren S. Wright,2007-03-23 The Student Resource Manual by Warren S Wright includes a review of algebra a review of complex numbers and a review of the use of technology in calculus including graphing calculator usage and worked out solutions to selected exercises Additional exercises which may be used as homework assignments or in class discussion are also included

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, **Pre Calculus E2020** . Pre Calculus E2020 Introduction

Pre Calculus E2020 Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Pre Calculus E2020 Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Pre Calculus E2020 : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Pre Calculus E2020 : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Pre Calculus E2020 Offers a diverse range of free eBooks across various genres. Pre Calculus E2020 Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Pre Calculus E2020 Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Pre Calculus E2020, especially related to Pre Calculus E2020, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Pre Calculus E2020, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Pre Calculus E2020 books or magazines might include. Look for these in online stores or libraries. Remember that while Pre Calculus E2020, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Pre Calculus E2020 eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Pre Calculus E2020 full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Pre Calculus E2020 eBooks, including some popular titles.

FAQs About Pre Calculus E2020 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before

making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Pre Calculus E2020 is one of the best book in our library for free trial. We provide copy of Pre Calculus E2020 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Pre Calculus E2020. Where to download Pre Calculus E2020 online for free? Are you looking for Pre Calculus E2020 PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Pre Calculus E2020. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Pre Calculus E2020 are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Pre Calculus E2020. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Pre Calculus E2020 To get started finding Pre Calculus E2020, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Pre Calculus E2020 So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Pre Calculus E2020. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Pre Calculus E2020, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Pre Calculus E2020 is available in our book collection an online access to it is set as public

so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Pre Calculus E2020 is universally compatible with any devices to read.
