Preaching Tools Theological Matters:

Preaching 34579 Fred B. Craddock, 2010-09-01 A standard textbook on the art and craft of preaching Craddock weaves history theology and hermeneutics into an exhaustive text on sermon preparation and preaching Painstakingly prepared for seminary students and clergy this book answers the fundamental question How does one prepare and deliver a sermon Craddock s approach is practical but also allows for concentrated study of any particular dimension of the process Filled with practical wisdom A liberating book Richard Lischer Duke University *Homiletical Theology* David Schnasa Jacobsen, 2015-02-13 Karl Barth famously argued that all theology is sermon preparation But what if all sermon preparation is actually theology This book pursues a thoroughgoing theological vision for the practice of preaching as a way of doing theology The idea is not just that homiletics is the realm of theological application That would leave preaching in the position of simply implementing a theology already arrived at Instead the vision in these pages is of a form of theology that begins with preaching itself its practice its theories and its contexts Homiletical theology is thus a unique way of doing theology even a constructive theological task in its own right Homiletician David Schnasa Jacobsen has assembled several of the leading lights of contemporary homiletics to help to see its task ever more deeply as theological yet in profoundly diverse ways Along the way readers will not only discover how homileticians do theology homiletically but will deepen the way in which they understand their own preaching as a theological task Contributors include Ronald J Allen Professor of Preaching and Gospels and Letters at Christian Theological Seminary John S McClure Charles G Finney Professor of Preaching and Worship at Vanderbilt Divinity School Alyce M McKenzie George W and Nell Ayers Le Van Professor of Preaching and Worship at Perkins School of Theology Southern Methodist University Michael Pasquarello III Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary Luke A Powery Dean of the Chapel and Associate Professor of the Practice of Homiletics at Duke University Teresa Stricklen Eisenlohr Ph D Associate for Worship Office of Theology and Worship at the Presbyterian Church U S A **Preach It!** Carol Tomlin, 2019-02-28 Studies of preaching and preaching style have up to this point focused almost exclusively on a western eurocentric understanding of good preaching Preach It encourages students both vocational and scholarly to look beyond these approaches and to learn from traditions with which they are less familiar The distinctive style and techniques that African Caribbean Pentecostal preachers have inherited has been shaped by historical political and socio economic factors impacting on black Caribbean people including clergy Using a variety of socio linguistic and theological approaches Preach It reflects on these techniques and outlines how preachers across church traditions might learn from them and use them in their own contexts **Preaching to Those Walking Away** N. Graham Standish, 2022 Preaching to Those Walking Away explores approaches to preaching typically not taught in seminaries and that reach the spiritual but not religious N Graham Standish integrates insights from postmodernism multiple intelligences and marketing theories spiritual formation counseling brain research TED Talks and other disciplines

Preaching and Praying as Though God Matters Ronald P. Byars, 2022-10-14 We in mainline churches are uneasy maybe even scared Why are our voices not heard After all we are the reasonable Christians the updated Christians the respectable ones who have dominated the cultural landscape since colonial times This book presumes that trying to reverse

the loss of our traditional status in society is both futile and beside the point What is called for when we find ourselves in a state of crisis is to rediscover the big picture the Christian hope projected on a large screen This requires the courage to revisit the sources from which all Christian hope springs rediscovering their life giving power That power rises from the counterintuitive affirmations of the gospel represented in Christ's incarnation his healing the afflicted his raising the dead his vulnerability his cross resurrection and universal restoration Acts 3:21 Preaching and worship that embodies and lifts up the hard parts the life giving parts is neither fundamentalist nor an exercise in nostalgia It is rather evidence of confidence in the triune God who makes the unknowable known The Good Shepherd promised My sheep hear my voice I know them and they follow me John 10:27 And when they do they will
