Youth Football Donation Letter

June 15, 2050

Ms. Stacy Murphy

Financial Director

Stellar Corporation

101 Elm Drive

Hillside, TX 75005

Dear Ms. Murphy,

I hope this letter finds you in good health and spirit. I am writing to you on behalf of Holland Football Club, a non-profit organization that strives to provide opportunities and resources for youth to participate in football in our community.

We believe in helping our community's young people develop their physical abilities, teamwork skills, and character through sports. However, our efforts could not be realized without the generous support of individuals like you.

Our annual budget needs for uniforms, footballs, transportation, and tournament fees total up to around \$10,000. We've been managing to carry out our objectives for the past years, yet this year has posed a significant challenge for us. For this reason, I am writing to you today to seek your support. Any financial contribution would be immensely helpful for us to continue serving our youth, who we believe are the future of our society.

Please kindly consider donating to support our local youth and their love for football.

Thank you for considering our letter, and we hope to hear from you soon.

Sincerely,

Aiden Willis

Head Coach

Football Governance Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee,2013-01-29 The Committee reported previously on domestic football governance in July 2011 7th report of session 2010 12 HC 792 I ISBN 9780215561114 after concerns were expressed by supporters and commentators about the sufficiency of checks and balances on financial management in football as well as wider failures of governance The report concluded that the Football Association English football s governing body was in need of urgent reform The Committee said the leagues especially the Premier League had too great an influence over the decision making processes of the Football Association In particular the Committee was concerned that increasing commercialisation of the game coupled with a lack of financial regulation was leading to significant financial risk taking among football clubs that threatens the game The Committee has been very disappointed by the football authorities response to its proposals for reform While progress has been achieved further reform is needed especially in relation to the licensing model the failure to ensure that membership of the Main Board Council and influential committees is fully representative and balances interests adequately and the way in which supporter engagement will operate at club level Most fundamentally the financial proposals were hugely disappointing with the only really positive development being the eventual introduction of Financial Fair Play rules despite the football authorities initial reluctance The Committee issues an ultimatum to the game of English football make the necessary reforms within 12 months or face possible legislation

DIY Football Peter Kennedy,David Kennedy,2018-10-11 The intention of the book is to highlight the development of a type of football organisation that falls outside of the well documented elite professional game the most recognizable face of the sport Specifically the focus here will fall upon community based football clubs which have grown out of the grassroots game Well known examples of these clubs in Britain are the Bristol organisation Easton Cowboys and Cowgirls and the Leeds based Republica Internationale both of these clubs have forged links with similarly motivated organisations in other countries who regularly come together in tournaments to express solidarity Collectively these clubs have sometimes been referred to as forming a DIY culture in football Their defining characteristics being variously described as anti commercial democratically constituted advocating social responsibility and inclusiveness and holding an outlook of solidarity that in some cases involves political education This book was originally published as a special issue of Sport in Society

Emigrant Players Paul Darby,David Hassan,2013-10-18 Ireland and its inhabitants have often been described as being sports mad As a relatively small geographical entity Ireland north and south has produced a

disproportionately high number of world class sports men and women who have excelled at the highest levels of their chosen sport The significance of sport in Ireland though extends far beyond the achievements of such individuals Sport has historically assumed a centrality in the lives of the island s inhabitants a fact that can be measured by the numbers and commitment of participants as well as the emotional and financial investment of fans This book seeks to address the ways in which Irish aptitude and ebullience for sport has manifested itself in those parts of the world that have or have had relatively large Irish communities The first part of the book explores the diffusion of Gaelic games to a number of centres of Irish immigration and examines the social economic political and psychological impact that these games had in helping the Diaspora adjust to life in what were often inhospitable environs The second part of the book extends the analysis by examining the contribution of Irish sports men and women to the sports culture that they encountered in their new homes and assessing the ways in which their involvement in these sports allowed them to come to terms with and make their way in their new locales This book was previously published as a special issue of the journal Sport in Society Football, Community and Sustainability Chris Porter,Anthony May,Annabel Kiernan,2018-10-19 A lack of sustainability thinking is evident at the heart of many of the problems that football faces today from the huge amounts of money that clubs seem compelled to spend on what are often short term gains and the speculation debt and market centred ideology that goes with it to the not unrelated deep disenchantment experienced by many football fans for a game that they still despite it all remain determined to love Sustainability here is more broadly conceptualised than focusing on environmental issues It encompasses social and economic sustainability albeit with a critical eye on the interdependent often contradictory relationship between what the United Nations regards as the three pillars of sustainability environmental social and economic Fittingly this book is the result of an international collaboration between an interdisciplinary network of academics and football industry practitioners brought together by the Centre for the Study of Football and its Communities CSFC based at Manchester Metropolitan University UK The critical insights collected here focus not just on football s problems but also how clubs authorities players and fans in a range of local contexts are positively tackling the challenges of surviving and thriving in the contemporary global game This book was originally published as a special issue of Sport Society *Crazy Town* Robyn Doolittle,2014-09-16 His drug and alcohol fuelled antics made world headlines and engulfed a city in unprecedented controversy Reporter Robyn Doolittle was one of three journalists to view the video of Ford appearing to smoke crack cocaine Her dogged pursuit of the story uncovered disturbing details about the mayor s past and shone a light on the history of substance abuse and criminal behaviour that has beset the Fords one of the most ambitious families in Canada After Doolittle helped break news of a second crack video Ford entered rehab Stripped of his mayoral powers he nevertheless ran for mayor in the October 2014 election Updated with new material Crazy Town is a page turning and insightful portrait of a troubled man a formidable family and a city caught in a jaw dropping scandal **Fundraising Basics** Barbara L. Jeff Cain cofounders of American Philanthropic a leading consulting firm for nonprofit organizations offer practical lessons and unconventional wisdom for both nonprofit leaders and novices in the art and science of raising money Drawing upon a wealth of experience deploying an army of anecdotes and using eye opening American Philanthropic survey data the authors provide a brisk irreverent and supremely useful introduction to fundraising for charities and nonprofits The book explains the hows and whys of a variety of fundraising techniques from direct mail to planned giving programs It explores the benefits and pitfalls of prospect research the keys to donor retention and the essential elements of a healthy nonprofit culture It gives insightful advice on making personal meetings count soliciting foundations and training young fundraisers And it does so with sprightly prose and sharp observations You ll never read another fundraising book quite like this one Expertly deflating the pretensions of those who would make fundraising a bureaucratic and esoteric profession Beer and Cain elucidate the practical knowledge and relationship skills that still matter more than anything else They make an impassioned plea for the importance of civil society to American democracy and build a compelling case for fundraising as an honorable component of a healthy civic culture Philanthropy is not about bottom lines and return on investment successful fundraisers provide a platform for donors to affirm their ideals values and morals Fundraising is serious but learning about it needn t be a chore The Forgotten Foundations of Fundraising is at once eminently practical and absolutely delightful *Assembly* ,1988
