Mitullah, Nina Torm, 2021-11-24 The promotion of social protection in Sub Saharan Africa happens in a context where informal labour markets constitute the norm and where most workers live uncertain livelihoods with very limited access to official social protection The dominant social protection agenda and the associated literature come with an almost exclusive focus on donor and state programmes even if their coverage is limited to small parts of the populations and in no way stands measure to the needs In these circumstances people depend on other means of protection and cushioning against risks and vulnerabilities including different forms of collective self organizing providing alternative forms of social protection These informal bottom up forms of social protection are at a nascent stage of social protection discussions and little is known about the extent or models of these informal mechanisms This book seeks to fill this gap by focusing on three important sectors of informal work namely transport construction and micro trade in Kenya and Tanzania It explores how the global social protection agenda interacts with informal contexts and how it fits with the actual realities of the informal workers Consequently the authors examine and compare the social protection models conceptualized and implemented from above by the public authorities in Tanzania and Kenya with social protection mechanisms from below by the informal workers own collective associations The book will be of interest to academics in International Development Studies Political Economy and African Studies as well as development practitioners and policy communities Practical and Theoretical Geoarchaeology Paul Goldberg, Richard I. Macphail, Chris Carey, Yijie Zhuang, 2022-09-13 Practical and Theoretical Geoarchaeology Second Edition provides an invaluable and vastly updated overview of geoarchaeology and how it can be used effectively in the study of archaeological sites and contexts Taking a pragmatic and functional approach this book presents a fundamental broad based perspective of the essentials of modern geoarchaeology in order to demonstrate the breadth of the approaches and the depth of the problems that it can tackle the rapid advances made in the area in recent years but also gives the reader a firm grasp of conventional approaches covers traditional topics with the emphasis on landscapes as well as anthropogenic deposits and site formation processes and their investigation provides guidelines for the presentation of field and laboratory methods and the reporting of geoarchaeological results essential reading for archaeology undergraduate and graduate students practicing archaeologists

and geoscientists who need to understand and apply geoarchaeological methodologies and help foster the dialog among diverse researchers investigating archaeological sites Practical and Theoretical Geoarchaeology Second Edition is an ideal resource for undergraduate and graduate students in archaeology and a great practical reference for practicing archaeologists and geoscientists who need to understand and apply geoarchaeological methodologies internationally The Portfolio Organizer Carol Rolheiser, Barbara Bower, 2000-06-15 The Portfolio Organizer stands out as a superb contribution to the vital field of accountability for learning This book is distinguished by the presence and integration of a conceptual framework and a superb array of practical examples Nearly every key issue is anticipated and addressed in this accessible and clear treatment of a complex topic The reason that this book is so good is that the authors have been immersed in pioneering work on portfolios for a decade They have developed their ideas through work with their own students and through a wide range of research and evaluation projects including new initiatives involving elementary and secondary school students initial preparation of teachers and continuous professional development of teachers and administrators They have learned by grappling with the complex issues of introducing evaluation that simultaneously serves improvement and accountability goals The result is a great practical book that can help educators develop their understanding and use of portfolios as a route to reform This book provides educators with a flexible framework to guide decision making for effective and efficient use of portfolios in classrooms and schools It is designed to assist classroom teachers administrators staff developers and university professors in identifying organizing and acting upon the many challenges and possibilities inherent in portfolio implementation Specifically The Portfolio Organizer targets the major categories of decision making and assists teachers in making decisions about effective portfolio implementation in classrooms In addition the book addresses professional portfolios and can be used by educators to develop and maintain their own portfolios Note This product listing is for the Adobe Acrobat PDF version of the book Reviewing Global History and Geography Henry Brun, 2000-03-15 This book is intended to serve as an intensive review to prepare students to master the mandated New York State Regents examination **Earthquake Geotechnical Engineering for Protection and Development of Environment and Constructions** Francesco Silvestri, Nicola Moraci, 2019-10-22 Earthquake Geotechnical Engineering for Protection and Development of Environment and Constructions contains invited keynote and theme lectures and regular papers presented at the 7th International Conference on Earthquake Geotechnical Engineering Rome Italy 17-20 June 2019 The contributions deal with recent developments and advancements as well as case histories field monitoring experimental characterization physical and analytical modelling and applications related to the variety of environmental phenomena induced by earthquakes in soils and their effects on engineered systems interacting with them The book is divided in the sections below Invited papers Keynote papers Theme lectures Special Session on Large Scale Testing Special Session on Liquefaction Projects Special Session on Lessons learned from recent earthquakes Special Session on the Central Italy earthquake Regular papers
