HACCP User's Manual Donald A. Corlett, 1998-06-30 Now there is a single easy reading reference to help you plan implement and audit a HACCP Hazard Analysis and Critical Control Point program HACCP User's Manual provides comprehensive information on new and existing HACCP systems current U S Food and Drug Administration FDA and U S Department of Agriculture USDA regulations and procedures for application of the system as well as sanitation standard operating procedures SSOPs With more than 30 years experience in the food industry Don Corlett is eminently qualified to guide you step by step through the process of tailoring and operating a HACCP system to fit your operation In HACCP User's Manual you find expert tips for getting started details on how to develop and implement a HACCP plan and how to operate the HACCP system including organization of record keeping techniques The HACCP Food Safety Manual Joan K. Loken, 1995-01-23 This manual makes food safety and HACCP simple to understand and easy to implement very practical yet comprehensive D J Inman Southwest Regional Food Specialist U S Food and Drug Administration The HACCP Food Safety Manual Developed for NASA in the 1960s Hazard Analysis Critical Control Points HACCP represents a logical step forward in food safety management Food safety issues have become so complex that traditional attention to cleanliness and maintenance is not enough HACCP the new tool to enhance food safety management looks at food preparation step by step to identify the root causes of potential problems and to establish corrective or control measures This food safety approach is being adopted by the USDA FDA and numerous state and local health departments It is advocated by the Colorado Restaurant Association Education Fund AFC Colorado Chefs de Cuisine and the American Dietetic Association and is being utilized effectively by such major chains as General Mills and Taco Bell The HACCP Food Safety Manual written by a noted food safety consultant and trainer is The first easy to understand comprehensive HACCP manual An easy to follow guide to all HACCP techniques processes and procedures Trainer tested in the Managers Food Safety Certification Program sponsored by the FDA Denver Department of Public Health Consumer Protection International Food Service Executives Association and American Society of Hospital Foodservice Administrators Illustrated throughout with flowcharts and diagrams Complete with posters transparency masters and other valuable training aids **Statistical Quality Control for the Food Industry** Merton Hubbard, 2013-11-11 Considering the ability of food processing companies to consistently manufacture safe foods with uniform quality over the past 20 or 30 years without these new tools and new systems one might expect that quality control improvements would be marginal On the other hand these changes have already provided substantial opportunities for process and product improvement This second edition is intended to update the basic concepts and discuss some of the new ones Preface to the First Edition If an automobile tire leaks or an electric light switch fails if we are short changed at a department store or erroneously billed for phone calls not made if a plane departure is delayed due to a mechanical failure these are rather ordinary annoyances which we have come to accept as normal occurrences Contrast this

with failure of a food product If foreign matter is found in a food if a product is discolored or crushed if illness or discomfort occurs when a food product is eaten the consumer reacts with anger fear and sometimes mass hysteria The offending product is often returned to the seller or a disgruntled letter is written to the manufacturer In an extreme case an expensive law suit may be filed against the company The reaction is almost as severe if the failure is a difficult to open package or a leaking container There is no tolerance for failure of food products

Plant Sanitation for Food Processing and Food Service Y. H. Hui, 2014-12-16 Comprehensive and accessible this book presents fundamental principles and applications that are essential for food production and food service safety It provides basic practical information on the daily operations in a food processing plant and reviews some of the industry's most recent developments Formerly titled Food Plant Sanitation this second edition discusses nine additional food processing industries and contains 14 new chapters Among others new topics include sanitation in food transportation and sanitation of fresh produce in retail establishments

Statistical Quality Control for the Food Industry Merton R. Hubbard, 2012-12-06 Specifically targeted at the food industry this state of the art text reference combines all the principal methods of statistical quality and process control into a single up to date volume In an easily understood and highly readable style the author clearly explains underlying concepts and uses real world examples to illustrate statistical techniques This Third Edition maintains the strengths of the first and second editions while adding new information on Total Quality Management Computer Integrated Management ISO 9001 2002 and The Malcolm Baldrige Quality Award There are updates on FDA Regulations and Net Weight control limits as well as additional HACCP applications A new chapter has been added to explain concepts and implementation of the six sigma quality control system

FDA Inspection Operations Manual, 1990 *Hazard Analysis and Critical Control Point Generic Models for Some Traditional Foods* Who Regional Office for the Eastern Mediterranean, 2010-01-18 This Manual is intended to help producers regulators trainers and others concerned with the safety of traditional foods in the Eastern Mediterranean Region and may be used as material for training in food hygiene and the HACCP system as well as the basis for the development of food safety programs It is expected that most producers of the foods covered in this manual will have little or no knowledge of the HACCP system so to expect them to implement the relevant models alone would not be realistic Rather governmental or nongovernmental agencies engaged in health food control or safety of the environment will need to help groups of producers in implementing the models in their plants This manual covers just a few of the many traditional foods of the Region It is hoped that that countries will develop and share generic HACCP models for other traditional foods in the Region so that a second edition can follow

Making the Most of Haccp T Mayes, S Mortimore, 2001-05-17 The Hazard Analysis and Critical Control Point HACCP system has now become generally accepted as the key safety management system for the food industry worldwide Whilst there are numerous publications on its principles and methods of implementation there are relatively few on the experience of those who have actually implemented HACCP systems in practice and what can be learnt from that experience
