School Leadership - International Perspectives Stephan Huber, 2009-12-24

Recent research into school effectiveness has corroborated the theory that the school leader plays a pivotal role making their school a successful institution and is most often cited as the key factor in a school's development Reflecting the importance it is given in the today's education landscape this book explores the latest trends in school leadership from both theoretical and practical perspectives Each chapter provides insight into an aspect of current research with detailed case studies coming from as far afield as Hong Kong and Canada In the context of the ever increasing burden of responsibility placed on education management to safeguard and enhance the quality of education they provide school leadership is now a core concern of policy makers In addition most countries are undertaking fundamental education reforms that will have a major influence on the nature of school leadership Offering the most up to date research on this central issue this book will both inform and shape the debate

Educational Leadership and Asian Culture Peng Liu, Lei Mee Thien, 2023-08-11

Providing a window on educational leadership from an Asian cultural perspective Liu and Thien's edited collection describes how educational leadership is linked with national culture in the context of different Asian countries While much of the scholarship on this topic has been built on Western paradigms this book examines the measurement of school leadership from a diverse lens by taking cultural context into account while examining educational leadership Drawing on cross cultural perspectives the authors investigate the relationship between leadership for learning and societal culture in addition to the relationship between leadership style and culture The text provides a theoretical basis for understanding leadership in the

context of Asian countries and offers practical suggestions for identifying effective and culturally sensitive leadership practices in similar cultural contexts An excellent resource for graduate students researchers in comparative education educational practitioners looking to improve their education practices and anyone interested in cultural leadership practices

Practical Guide to College Admission Willard Dolman, 2001-07-06 Much material is available on the internet and in print regarding college research admission and matriculation The PRACTICAL GUIDE TO COLLEGE ADMISSION however is the sole tool that brings all of the pieces together and arranges them in a step by step process to allow the needs of the students to be equated effectively with the characteristics of over 3000 colleges and universities This method of research allows the candidate to restrict applications to four or five schools that are the best matches These realistic applications will result in multiple acceptances From these the candidate can choose to matriculate at his her best match This method was developed and used by the author in one of the best school districts in the United States **Pushing the Limits** Sakre K.

Edson, 1988-01-30 By providing new understanding and insights into the backgrounds and experiences of women pursuing administrative careers in education *Pushing the Limits* fills a critical void in the existing literature Sakre Edson s five year investigation documents the accounts of 142 nonminority and minority women across the United States seeking administrative roles an area of public school responsibility where women remain underrepresented Edson s book is unique in its focus on aspirants those women currently preparing and competing for principalships and other top administrative positions rather than on established female administrators or on women who have chosen not to aspire beyond the classroom The female teachers graduate students and entry level administrators quoted here give voice to the struggles would be female school executives face and their experiences and reflections not only question the impact of the women s movement and equity legislation upon employment practices but serve to illuminate the problems of women and minorities excluded from managerial ranks in professions outside of education Throughout the work one theme prevails As they push the limits of this traditional male bastion these women are confident in their abilities to succeed and even to excel in managing the nation s schools
