physics researcher Vadim Zeland Zeland's main goal is to present a set of techniques which he calls Transurfing of Realities for the attainment of practical goals. These techniques are of mental and metaphysical nature. Zeeland supports these techniques by presenting a model of the universe that combines the elements of quantum physics with the idea of parallel worlds. As Zeland states, the use of the techniques is not dependant on the acceptance of his theoretical model. Some Transurfing techniques are very simple and practical. Zeland says, "You can not hide from the inevitable reality. Your life is determined by circumstances and your place in society. Reality develops for the most part regardless of your own will. For every I want, there is its own You can't. In response to 'Give it to me, you hear', 'You can't get it'. There is little you can do in such circumstances. As a rule, human beings behave unambiguously. In their attempts to get what they want, they try to influence this world straight on by the principle 'Give it back to me'. Direct impact based on direct contact is one of the ways of controlling something, but it is certainly not the most effective method of controlling reality. Transurfing is Transurfing in Your Pocket Vadim Zeland, 2014-04-16. Transurfing in Your Pocket for everyday wisdom. Excerpts of latest Vadim Zeland books never translated in English before. **Hacking the Matrix** Vadim Zeland, 2013-05-17. Not to invalidate your beliefs and the societal structure you comfortably reside in, but to support your return to the radical self responsibility and vast open mindedness of a spiritually mature being. With all the presuppositions, knowledge and facts you have gathered about life, you will hardly be able to dive into the unknown and learn something new or experience the vivid freshness of Infinity. As is typical for the human condition, some of your ways of seeing things have become stale, to say the least. Even if your convictions and conclusions were useful at one time, doesn't it get incredibly dull to think the same things over and over and over and to perceive things from the same vantage point again and again and again? But as nothing can be added or taken away from Infinity, the belief systems we shatter will not be lost. You can pick them up and reassemble them later if you need some concepts to hold on to, or if you get scared of the joyous enormity of it all. Nobody is forcing you to have too much fun. Expanding awareness in the original sense means Seeing, Feeling, Perceiving, Noticing, Experiencing, Doing something you have not seen, felt, perceived, noticed, experienced, done before. It's as simple as that. If this is what is happening to you, then you are using this book the way it was meant to be used. On a quantum level, when you want it, whatever that is, it is created instantly. You don't receive instantly only because you are surrounded by a layer of resistance, and so when your world comes to deliver and knocks on your door, chances are you are not there. Transurfing takes you Home. 78 Days Practical Transurfing Vadim Zeland, 2013-02-12.
