The topic is very much in need of teaching and discussion and is a fine example of common ground John Renard author of Islam and Christianity Contains valuable and fascinating material about how classical Muslim theologians treated various aspects of Jesus and in particular the role of Jesus in Islamic eschatology Saritoprak brings new insights from contemporary Turkish thinkers to bear on the issues raised by the Jesus figure in Islamic narratives about the Last Days Marcia Hermansen author of Shah Wali Allah's Treatises on Islamic Law A refreshingly easy read that makes a complex world of theology and interfaith relations accessible and enjoyable for readers of all backgrounds Jonathan Brown author of Hadith Muhammad s Legacy in the Medieval and Modern World Few people realize that Jesus was a prominent messenger of God in Islam and that Muslims believe in the return of Jesus Even among Muslims it is not well known that there are diverse interpretations of references to Jesus in the Our an and the Hadith Aiming to remedy this Islam's Jesus takes a bold yet candid look at the highly charged topic of Jesus s place in Islam exploring some of the religion s least understood aspects Examining multiple intellectual

traditions Zeki Saritoprak makes clear the reality of pluralism in the history of Islamic religious scholarship Actively engaged in efforts to promote interfaith dialogue and harmony Saritoprak thoughtfully argues that the shared belief in Jesus presents an excellent opportunity for understanding between Muslims and Christians Together they constitute more than half of the world's population and such understanding may be a foundation for peace America and the Production of Islamic Truth in Uganda Yahya Sseremba, 2023-05-16 This book investigates the ways in which the war on terror has transformed the postcolonial state in Africa Taking American intervention in Islamic education in Uganda as the entry point the book demonstrates how state control over Islamic truth production and everyday Muslim life has increased During the colonial period the Muslims in Uganda were governed in two ways partly as lesser citizens within the Christian dominated civil sphere and partly as members of a distinct Muslim domain In this domain a local system of Islamic education developed with a degree of autonomy that reflected the limits of the colonial state in shaping the Muslim subject In the subsequent postcolonial period systems of patronage and clientalistic networks dominated and Muslim leaders were co opted by the state but without much real interference in the day to day lives of ordinary Muslims However as part of the war on terror the US State Department seeks to bring the mechanisms of Islamic truth production especially the madrasa under direct state control and civil society scrutiny This book argues that the Muslim domain as a separate entity is coming to an end as it is being absorbed into the civil sphere unifying the state s domination of society The book also analyzes local Ugandan Muslim initiatives to modernise and contextualize their own education and religion and how these initiatives are shaped by and transcend the dominant power A thorough exploration of US foreign policy and Islamic education this book will be of interest to students and scholars in the fields of Political Studies African Studies and Religious Studies *Trajectories of Education* in the Arab World Osama Abi-Mershed, 2009-09-10 In comparison to other parts of the developing world education in Arab countries has been lagging behind This book examines the impact of Western cultural influence the opportunities for reform and the sustainability of current initiatives Islam and the Fate of Others Mohammad Hassan Khalil, 2012-05-03 Can non Muslims be saved And can those who are damned to Hell ever be redeemed In Islam and the Fate of Others Mohammad Hassan Khalil examines the writings of influential medieval and modern Muslim scholars on the controversial and consequential question of non Muslim salvation This is an illuminating study of four of the most prominent figures in the history of Islam Ghazali Ibn Arabi Ibn Taymiyya and Rashid Rida Khalil demonstrates that though these paradigmatic figures tended to affirm the superiority of the Islamic message they also envisioned a God of mercy and justice and a Paradise populated by Muslims and non Muslims Along the way Khalil examines the writings of many other important writers such as Ibn Qayyim al Jawziyya Mulla Sadra Shah Wali Allah of Delhi Muhammad Ali of Lahore James Robson Sayyid Qutb Yusuf al Qaradawi Farid Esack Reza Shah Kazemi T J Winter and Muhammad Legenhausen Jacket **Principles and** Fundamentals of Islamic Management Seyed Mohammad Moghimi, 2018-11-30 Principles and Fundamentals of Islamic

Management examines the concept of business and public management from the viewpoint of Islam Providing a much needed insight into the practicalities of management operations in an Islamic context this book is essential reading for researchers A Short History of Islamic Thought Fitzroy Morrissey, 2021 Preface 1 The Word of Allah 2 Heirs to managers and students the Prophets 3 Defenders of Islam 4 The Sunni Compromise 5 The Shi i Vision 6 Rationalists and Radicals 7 Sufism Ascendant 8 Reason Revelation and Inspiration 9 The Age of Empire 10 Decline and Revival 11 Facing Modernity 12 From Modernism to Islamism Epilogue Islam Today The Forbidden Tree and the Jinn Serkan Zorba, 2023-05-10 Foremost among the most alluring mysteries and symbolisms of the Quran are the concepts of jinn the Forbidden Tree and the expulsion of Adam and Eve from paradise a k a the Fall of Adam or the Fall of Man Notwithstanding the importance of these concepts to the Islamic religion and culture and the ever mounting modern scientific know how the contemporary Muslim understanding of them is truth be told nebulous The legends of the Forbidden Tree and the Fall of Adam are central to the story of the creation of humanity s primogenitors not only in the Quran but also in the Bible However the meaning and significance of these stories have not yet been rationally elucidated Islamic scholars imams and the so called sheiks cannot shed much scholarly light to further our understanding of these topics as they almost never go beyond rehashing what is written in the traditional sources Likewise Judaic and Christian authorities have not advanced any rationally satisfactory explanations for these narrations In fact studying the contemporary Abrahamic religious cultural and self proclaimed scientific expositions on these subjects is an example of obscurum per obscurius This book presents two bold ideas pertaining to these topics which are complementary to one another 1 A novel interpretation of the Forbidden Tree and the Fall of Adam legends It deciphers the true meaning behind the Quranic and Biblical accounts of Adam and Eve eating from this forbidden tree exposing their private parts incurring the punishments of having to constantly struggle for survival and of being enemies with other living beings and shedding blood This interpretation also naturally resolves another age old enigma of God teaching Adam the names of all things 2 It shows that the concepts of jinn and devils do not refer to supernatural beings as traditionally assumed but rather to tangible beings that are all important for the biosphere and human health and wellbeing The interpretation that Dr Zorba has developed of these motifs is strictly based on a close reading of the Quran and the Hadith with the help of physics microbiology microbial ecology biogeochemistry and the fast emerging science of microbiota

Why I Am Not a Muslim Ibn Warraq,2010-09-30 Those who practice the Muslim faith have resisted examinations of their religion They are extremely guarded about their religion and what they consider blasphemous acts by skeptical Muslims and non Muslims alike has only served to pique the world s curiosity This critical examination reveals an unflattering picture of the faith and its practitioners Nevertheless it is the truth something that has either been deliberately concealed by modern scholars or buried in obscure journals accessible only to a select few
