Dickinson Degenhard, The essential guide for prayer leaders who facilitate a separate Liturgy of the Word with children on Sundays and Holydays of Obligation. California, a Slave State Jean Pfaelzer, 2023-06-27 The untold history of slavery and resistance in California from the Spanish missions, indentured Native American ranch hands, Indian boarding schools, Black miners, kidnapped Chinese prostitutes, and convict laborers to victims of modern trafficking. A searing survey of 250 years of human bondage in what is now the state of California. Readers will be outraged. Publishers Weekly. California owes its origins and sunny prosperity to slavery. Spanish invaders captured Indigenous people to build the chain of Catholic missions. Russian otter hunters shipped Alaska Natives, the first slaves, transported into California and launched a Pacific slave triangle to China. Plantation slaves were marched across the plains for the Gold Rush. San Quentin Prison incubated California's carceral state. Kidnapped Chinese girls were sold in caged brothels in early San Francisco. Indian boarding schools supplied new farms and hotels with unfree child workers. By looking west to California, Jean Pfaelzer upends our understanding of slavery as a North-South struggle and reveals how the enslaved in California fought, fled, and resisted human bondage. In unyielding research and vivid interviews, Pfaelzer exposes how California gorged on slavery, an appetite that persists today in a global trade in human beings lured by promises of jobs but who instead are imprisoned in sweatshops and remote marijuana grows or sold as nannies and sex workers. Slavery shreds California's utopian brand, rewrites our understanding of the West, and

Guild and its dubious efforts to establish an Anglo Saxon heritage for California The restored Spanish missions of Los Angeles frame another origin story in which California's native inhabitants civilized through contact with friars gift their territories to white settlers But the history is not so placid A quiet riverside park in the Tulare Lake Basin belies scenes of horror from when settlers in the 1850s transformed native homelands into American property Near the lake bed stands a small marker commemorating the Mussel Slough massacre the culmination of a violent struggle over land titles between local farmers and the Southern Pacific Railroad in the 1870s Tulare is today a fertile agricultural county but its population is poor and unhealthy The California Dream lives elsewhere The lake itself disappeared when tributary rivers were rerouted to deliver government subsidized water to big agriculture and cities But climate change ensures that it will be back the only question is when

The Female Mystic Andrea Janelle Dickens, 2009-05-30 The Middle Ages saw a flourishing of mysticism that was astonishing for its richness and distinctiveness The medieval period was unlike any other period of Christianity in producing people who frequently claimed visions of Christ and Mary uttered prophecies gave voice to ecstatic experiences recited poems and songs said to emanate directly from God and changed their ways of life as a result of these special revelations Many recipients of these alleged divine gifts were women Yet the female contribution to western Europe's intellectual and religious development is still not well understood Popular or lay religion has been overshadowed by academic theology which was predominantly the theology of men This timely book rectifies the neglect by examining a number of women whose lives exemplify traditions which were central to medieval theology but whose contributions have tended to be dismissed as merely spiritual by today's scholars In their different ways visionaries like Richeldis de Faverches founder of the Holy House at Walsingham or England's Nazareth the learned Hildegard of Bingen Hadewijch of Brabant exemplary voice of
