**30-Minute Meals For Dummies** Bev Bennett, 2011-04-20 Walking into a kitchen that is filled with cooking aromas is a delightful and comforting experience. Yet between work chores, family obligations, and a badly needed opportunity to unwind, you find it difficult to get dinner on the table within the time limits that life imposes on you. But cooking a great tasting meal isn't nearly as time consuming as it is made out to be, and you don't have to be a chef to pull it off. If you forgot how enjoyable a home cooked meal can be, *30 Minute Meals For Dummies* is your best resource. If you can identify with any of these descriptions, this book is for you. Between your frantic day and the demands of your personal life, you're looking for ways to free up a few minutes. Cooking is one of the activities that gets shortchanged. Tired of spending your evenings in your car, you long for some semblance of dining at home, pleasure instead of inching around a parking lot waiting for your chance to order dinner from a metal box. You're not looking to prepare a five course meal. You want self contained meals that please, satisfy, and get the job done with minimal hassle. *30 Minute Meals For Dummies* shows you how to make one dish meals that include vegetables, starches, and the traditional meat. You'll transform soup and salad side dishes into hearty main courses and turn your skillet into a one dish dinner utensil. You often get everything a meal has to offer in one dish, well, besides adding a scoop of ice cream to the top of your jambalaya for dessert. This book is structured around the equipment, ingredients, and recipe choices that fit your time frame. Each page is packed with my kitchen tested suggestions for streamlining cooking. Even if you're an experienced cook, you can pick up useful hints. You get great recipes for classic meals, new dishes, and so much more in these chapters. You'll be pleased to know that you can fix nourishing and memorable dinners within your time frame. So ladies and gentlemen, start your ovens.

**Made of Salmon** Nancy Lord, 2016-05-15 All over the world, salmon populations are in trouble as overfishing and habitat loss have combined to put the once great Atlantic and Pacific Northwest runs at serious risk. Alaska, however, stands out as a rare success story; its salmon populations remain strong and healthy, the result of years of careful management and conservation programs that are rooted in a shared understanding of the importance of the fish to the life, culture, and history of the state. *Made of Salmon* brings together more than fifty diverse Alaska voices to celebrate the salmon and its place in Alaska life. A mix of words and images, the book interweaves longer works by some of Alaska's finest writers with shorter, more anecdotal accounts and stunning photographs of Alaskans fishing, catching, preserving, and eating salmon throughout the state. A love letter to a fish that has been central to Alaska life for centuries, *Made of Salmon* is a reminder of the stakes of this great ongoing conservation battle.

**The New Gray's Fish Cookbook** Rebecca Gray, 2009-10 This cookbook is a reflection of me here and now, not just me when I was thirty something and wrote the first edition, but me as a sixty year old and now a long time fisherman. If a cookbook is good, has that character, it has gone beyond the primary purpose of instruction and moved on to entertain and inspire. This is accomplished by revealing bias, passion, inspiration, humor, and probably even frailty, those human traits that combine to create an identity, and which are much more

robust now that I m sixty And yes and hurrah this is done all in a milieu of cooking and eating wild So writes Rebecca Gray in the Preface of The New Gray s Fish Cookbook Revised and updated from its classic predecessor this beautiful and very useful book treats fish cookery with style affection and attention to detail Complete with 67 menus and hundreds of recipes in enticing and imaginative combinations The New Gray s Fish Cookbook sets a standard of thoughtfulness and quality against which other cookbooks in the field past and future should be measured No important game species is left out Plan now for culinary evenings built around Inshore Saltwater Fish Offshore Saltwater Fish Fish From the Tropics Saltwater Bottom Fish Shellfish Stream Freshwater Fish Walleye and Pike Shad Catfish and Sme      *Cooking as Therapy* Debra Borden,2025-10-14 Follow twenty recipes to find calm improve self esteem and form daily habits in your very own kitchen through mindfulness based cooking therapy In *Cooking as Therapy* licensed clinical social worker and sous therapist Debra Borden provides you with all the tools and techniques to have therapy sessions in the comfort of your own kitchen Cooking therapy is an experiential therapy that allows you to conduct a therapy session while you cook a meal Using cooking processes like chopping kneading stirring and more you ll develop the skills to recognize limiting patterns and behaviors improve self esteem and form healthy daily habits and you might even have fun incorporating techniques centered around mindfulness which develops calm metaphor which creates clarity and mastery which sparks self esteem Luckily you don t have to be a great cook to try cooking therapy or even like cooking You only need an interest in self exploration Borden will teach you the processes involved in preparing a recipe or meal that trigger awareness and even aha moments Unlike talk therapy cooking therapy sessions incorporate tangible acts It is less about what you prepare and more of a guided journey to self reflection through how you prepare a dish      [The "I Love My Instant Pot®" Affordable Meals Recipe Book](#) Aileen Clark,2019-10-08 Officially authorized by Instant Pot 175 recipes for quick and delicious meals in the Instant Pot today s hottest kitchen appliance that the whole family will love for under 12 a meal Eating well doesn t need to cost a fortune And with the Instant Pot it no longer requires a lot of time or effort Now create budget friendly meals that are fast and delicious using your favorite cooking gadget In the *I Love My Instant Pot Affordable Meals Recipe Book* Aileen Clark shows that it is possible to eat healthy filling meals while on a budget With 175 recipes and photos throughout this is a must have cookbook if you are looking for good meals that are easy on the wallet Save money and reduce your monthly food budget with practical approaches to grocery shopping With a cost estimate included for each recipe you can easily stay on budget and manage your food costs ahead of time so you can be better prepared with your expenses Featuring an easy to understand overview of how to use the Instant Pot this is the perfect guide whether you are new to the Instant Pot or an expert With satisfying whole food dishes for every meal of the day this cookbook makes using the Instant Pot easier and cheaper than ever      **Context** Cory Doctorow,2011-10-01 One of the Web s most celebrated high tech culture mavens returns with this second collection of essays and polemics Discussing complex topics in an accessible manner Cory Doctorow s visions of a future where artists
