reader should be aware of the content and the reasoning for using it. It is done so to educate and to hopefully illustrate the realities of this global problem. In addition to a selection of thoroughly researched interviews with said offenders in the form of case studies reminiscent to the current style of the American Psychological Association APA formats, I also highlight a selection of documented artwork specifically by children and young adults while working as a therapist in various hospitals. This section may serve as an alert for parents and educators for possible cues of sexual abuse in or outside of the home but such will also illustrate the sheer potency sexual abuse can cause upon its victims and how it will be viewed from their unconscious psyche and conscious viewpoints. *Journal of Rehabilitation Research & Development*, 2010. **Journal of Rehabilitation Research and Development**, 2010. *Assessments in Occupational Therapy Mental Health* Barbara J.
