Having a regular daily routine for sleeping, eating, and working is good for your health. A regular sleep schedule makes it more likely you will get enough rest, and better sleep leads to mental alertness, emotional well-being, and energy during the day. People who have an established daily routine have stronger immune systems and get sick less frequently than people who do not have regular routines. People who have regular routines for eating and sleeping are also less likely to suffer from mental and emotional disturbances such as depression.

The focus is on learning how to teach writing through specific teaching and learning structures found in the Writing Studio: mini lessons, teacher and peer conferencing, guided writing, and sharing, celebrating, and broadcasting writing. Pedagogical features include teaching structures and strategies, Problematising Practice, classroom scenarios, assessment resources, and a Companion Website. Because a teacher who views him or herself as a writer is best positioned to implement the Writing Studio, a parallel text *Becoming a Writer* gives readers space to consider who they are as a writer, their personal process as a writer, and who they might become as a writer.
