The Operations Manual

The Operations Manual gives details of the system and procedures for processing trades, allocating Open Positions, Margins, Commissions, Taxation and Assigned Positions and Settlement Transactions. Procedures, methods, and forms contained in the manual have the full force of the Corporation's Rules. Hence its contents shall be considered a variation of the Corporation's Rules. At the time of a conflict between the Operations Manual and the Rules, the Rules take priority. All defined terms in the Operations Manual are as defined in the Rules of the Corporation.

All items in the Operations Manual refer to Central Time unless otherwise indicated.

All amounts in the Operations Manual refer to Canadian dollars unless otherwise indicated.

Revised by the Board April 15, 2015 effective June 1, 2015.

The papers accepted for presentation thoroughly cover the entire field of human computer interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. This volume contains papers addressing the following major topics: anthropometry, ergonomics, design and comfort, physiology and anatomy, models, motion prediction and recognition, quality and safety in healthcare, design for health, work design and support, modeling human behavior and cognition.

The Methods and Materials of Demography Henry S. Shryock, 2013-10-22. Like the original two volume work, this work attempts to present a systematic and comprehensive exposition with illustrations of the methods used by technicians and research workers in dealing with demographic data. The book is concerned with how data on population are gathered, classified and treated to produce tabulations and various summarizing measures that reveal the significant aspects of the

composition and dynamics of populations It sets forth the sources limitations underlying definitions and bases of classification as well as the techniques and methods that have been developed for summarizing and analyzing the data
