Blauman's Common Core Companion that version of the standards you wish you had. It's the way Leslie translates each and every standard for reading, writing, speaking, and listening language and foundational skills into the day-to-day what you do. Lesson ideas, best literacy practices, grouping configurations, adaptations for ELL, anchor charts, and so much more. The wisdom and how-to's are all here page by page. The standards for literature and informational texts put side by side for easier planning. Teaching ideas for each standard. Recommendations on how to cultivate the habits of mind that are critical to meeting the standards, including interpersonal skills, collaboration, and perseverance. A glossary of academic language for each standard with adaptations for ELL students. An online bank of graphic organizers, student reproducibles, sample classroom charts, rubrics, and photos. Reproducible planning templates for each standard to help you map out lessons. Select books generate key questions and more. With 30 years of classroom experience and consulting in schools nationwide, Leslie Blauman brings to this book a keen eye for what teachers need in order to get students in the intermediate grades ready as readers, writers, thinkers, and learners capable of meeting the Common Core's rising expectations in middle school. Leslie's classroom is a working model for child staff development in reading, writing, and critical thinking in collaboration with the Public Education Business Coalition (PEBC). When considering the CCSS, we need to remember that teachers do not teach standards. Teachers teach kids. A classroom teacher who mixes it up with kids every day. Leslie Blauman teaches as if her hair is on fire.

STEPHANIE HARVEY Coauthor of *The Comprehension Toolkit: Teaching, Learning, and Trauma, Grades 6-12*

Brooke O'Drobinak, Beth Kelley, 2020-06-17

Transform challenging classroom experiences into opportunities for lasting student-teacher relationships, professional growth, and student engagement. Chronic stress, anxiety, and trauma have startling effects on teachers and students. The pandemic and distance learning have exacerbated behavior issues and emotional dysregulation, making it difficult for students to engage, learn, and maintain healthy self-esteem. In *Teaching, Learning, and Trauma*, the authors guide you through the process of creating a learning environment that combats the negative effects of chronic stress and trauma. They show you how to establish rituals and routines, develop personalization, and implement effective student engagement practices that create a relationship-based culture and effectively improve student achievement. This book includes self-assessment tools to help teachers make informed decisions, examples of self-care plans and schoolwide policies for maintaining healthy boundaries in and out of school, real-world vignettes and samples of teacher work, planning documents, and reflection questions to guide educators in identifying strengths and growth areas. Using a synergistic approach, this book unites compelling research, data, theories, stories, and best practices from trauma-informed schools, relationship-based psychology, and effective instructional design to dissolve obstacles caused by chronic stress and trauma.
