second edition

An Introduction

Tom Furniss
Michael Bath

*Like to the Nightingale
My Heart aches and a painful numbness falls
My sense as though of lambs' feet I had ^{dropped} ~~trampled~~ ^{trampled} ~~trampled~~
Or might too some dull spirit to the dream
One on earth ^{best} ~~best~~ and like a lost bird seek
I am not through caring if my happy lot
But being too happy on these happy days
To at them light amongst day as of the trees
I am some mile down knot
Of broken green and overdone numbness
Fingered of summer on feet. This is a case
Of a dignified of evidence that has been
Cooling in ^{long} ~~long~~ in the deep velvet earth*

Reading Poetry An Introduction 2nd Edition:

Reading Poetry Tom Furniss, Michael Bath, 2013-08-16 Reading Poetry offers a comprehensive and accessible guide to the art of reading poetry. Successive chapters introduce key skills and critical or theoretical issues enabling users to read poetry with enjoyment, insight and an awareness of the implications of what they are doing. This new edition includes a new chapter on Post colonial Poetry, a substantial increase in the number of end of chapter interactive exercises and a comprehensive Glossary of poetic terms. Not just an add on, the Glossary works as a key resource for the structuring of particular topics in any individual teaching or learning programme. Many of the exercises and interactive discussions develop not only the skills of competent close reading but also the necessary confidence and experience in locating historical and other contextual information through library or internet searches. The aim is to enhance readers' literary and scholarly competence and to make it fun. *Reading Poetry* Tom Furniss, Michael Bath, 2013

Reading poetry Peter Barry, 2016-05-16 Witty, direct and articulate, Peter Barry illustrates the key elements of poetry at work, covering many different kinds of verse from traditional forms to innovative versions of the art, such as concrete poetry, minimalism and word free poems. The emphasis is on meanings rather than words, looking beyond technical devices like alliteration and assonance so that poems are understood as dynamic structures creating specific ends and effects. The three sections cover progressively expanding areas: Reading the lines deals with such basics as imagery, diction and metre; Reading between the lines concerns broader matters such as poetry and context and the reading of sequences of poems; while Reading beyond the lines looks at theorised readings and the textual genesis of poems from manuscript to print. Reading poetry is for students, lecturers and teachers looking for new ways of discussing poetry and all those seriously interested in poetry, whether as readers or writers.

Ambiguity and Narratology Simon Grund,Robert Kirstein,Julian Wagner,2024-10-21 As a well known phenomenon in everyday communication ambiguity has increasingly become the subject of interdisciplinary research in recent years However within this context it has been observed that words or expressions situated within the artistic framework of storytelling have not yet been at the centre of research interest This book aims to bridge this gap by examining the phenomenon of ambiguity from the perspective of narratology understood as a general theory of narration and narrative communication The volume pursues two goals Firstly it seeks to demonstrate that the interdisciplinary combination of linguistics cultural history and narratology enriches the field of literary studies significantly This focus not only highlights how narrative techniques often rely on everyday language conventions but also explores how various textual features narrative devices or even entire storylines can be affected by phenomena or lead to experiences of ambiguity These ambiguities often serve as poetic strategies that are deliberately set in the communicative process of text and reader to achieve certain narrative goals Secondly ambiguity as a characteristic of narrative communication seves as a linking element across different fictional and factual text types and genres throughout time and cultures The collected essays cover a wide range of narrative texts from Roman comedy to funerary reliefs from historiographical writings to utopian tales from Goethe s novels to contemporary fantasy literature In its broad approach the volume thus contributes to the project of diachronic narratology which like the research on ambiguity in literary and cultural studies has recently gained increasing momentum The combined consideration of ambiguity and narratology not only raises awareness of phenomena of ambiguity in narrative texts but also encourage reflection on the theoretical foundations of narrative particularly on the methods and devices used to describe these ambiguous structures Overall the volume represents an exploration of a relatively unexplored interdisciplinary field aiming to stimulate further research [Scientific Approaches to Literature in Learning Environments](#)
