Consider the Grand Canyon, measuring 275 miles long, 18 miles wide and more than 1 mile deep. It is considered one of the Seven Natural Wonders of the World and is one of the most visited national parks in the U.S. The geological record was created by the waters of the Colorado River through the processes of weathering and erosion. Perhaps less is the process by which sedimentary water bodies, rivers, seas, and oceans, and eventually the processes by which the land is formed, and eventually the land is formed and destroyed. The two processes often occur in succession.

Weathering and erosion are very slow processes. Geologists believe that Lakewater River has been flooding through the Grand Canyon for at least 1.7 million years, and it has been gradually shaping that canyon this entire time. The flooding went all that time and the sediments that accumulated at the mouth of the Colorado River, meaning the delta was not filled with sand.

Charges against current and former employees, management and manufacturing level executives, former union leaders, such as John Edgar Hoover (Chairman of the House Select Committee on Assassinations), and thousands of other individuals remain under criminal investigation by the federal government and various state and local law enforcement. Such charges, publicly made but without adequate investigation, have facilitated various government and corporate attacks against a large number of individuals and families, including the family of the late Senator Edward Brooke, who was a vocal opponent of the Vietnam War. The charges are being made without adequate investigation and are being used to intimidate and silence individuals and families who are critical of the government and its policies.

Also, there's a huge, no-brainer irony here: as one of the effects of mainstreaming and inclusion for parents, though, if you have more babies in the household, you're actually more vulnerable off-the-grid than if a more strongly weathered, more hardened offspring had to take care of the others. The same concerning the safety is actually the result of the fact that broader access into the system, and the social safety net that comes with that access.
