newspapers and what materialised was a story of one of if not the greatest training programs the world has seen Follow the journey from the conception and implementation of the scheme through recruitment and basic training flight training and then into combat The individual accounts woven into the narrative provide a first hand experience of the triumphs and trials of typical airmen and airwomen who performed extraordinary feats in a time of great need The significant achievements and success of the Empire Air Training Scheme has for the most part been overlooked in our history until now Horsefeathers,1966
