Unpacking Fake News Wayne Journell, 2019 Since the 2016 presidential election the term fake news has become part of the national discourse Although some have appropriated the term for political purposes actual fake news represents an inherent threat to American democracy given the ease through which it is consumed and shared via social media This book is one of the first of its kind to address the implications of fake news for the K 12 classroom It explores what fake news is why students are susceptible to believing it and how they can learn to identify it Leading civic education scholars use a psychoanalytic lens to unpack why fake news is effective and to show educators how they can teach their students to be critical consumers of the political media they encounter The authors also link these ideas to the broader task of civic education and critical engagement in the democratic process Inside this book you will find descriptions of simple lessons practiced by experts that can help make students more critical news consumers From the Foreword by Rebecca Klein HuffPost One of the notable strengths of this book is its emphasis on concrete approaches to help students protect themselves and the larger democracy from the insidious influence of fake news Diana Hess University of Wisconsin Madison This book is both an important contribution to social studies education and a timely response to the demands of our current political moment John Rogers Institute for Democracy Education and Access UCLA Secrecy Hugh B. Urban, 2021-01-12 The powers of political secrecy and social spectacle have been taken to surreal extremes recently Witness the twin terrors of a president who refuses to disclose dealings with foreign powers while the private data of ordinary citizens is stolen and marketed in order to manipulate consumer preferences and voting outcomes We have become accustomed to thinking about secrecy in political terms and personal privacy terms In this bracing new work Hugh Urban wants us to focus these same powers of observation on the role of secrecy in religion With Secrecy Urban investigates several revealing instances of the power of secrecy in religion including nineteenth century Scottish Rite Freemasonry the sexual magic of a Russian born Parisian mystic the white supremacist Br der Schweigen or Silent Brotherhood movement of the 1980s the Five Percenters and the Church of Scientology An electrifying read Secrecy is the culmination of decades of Urban's reflections on a vexed ever present subject **Emergent Quilombos** Bryce Henson, 2024-01-09 2024 Best Book Award National Communication Association Ethnography Division 2024 Roberto Reis Book Prize First Book category Brazilian Studies Association 2024 Outstanding Book Award National Communication Association Critical and Cultural Studies Division 2024 International and Intercultural Best Book Award National Communication Association International and Intercultural Division How disenfranchised Black Brazilians use hip hop to reinvigorate the Black radical tradition Known as Black Rome Salvador da Bahia Brazil is a predominantly Black city The local art food and dance are closely linked to the population's African roots Yet many Black Brazilian residents are politically and economically disenfranchised Bryce Henson details a culture of resistance and activism that has emerged in response expressed through hip hop and the social relations surrounding it Based on years

of ethnographic research Emergent Quilombos illuminates how Black hip hop artists and their circles contest structures of anti Black racism by creating safe havens and alternative social cultural and political systems that serve Black people These artists valorize and empower marginalized Black peoples through song aesthetics media visual art and community action that emphasize diasporic connections ancestry and Black identifications in opposition to the anti Black Brazilian nation In the process Henson argues the Salvador hip hop scene has reinvigorated and reterritorialized a critical legacy of Black politicocultural resistance the quilombo maroon communities of Black fugitives who refused slavery as a way of life gathered away from the spaces of their oppression protected their communities and nurtured Black life in all its possibilities

Internal Revenue Service,1988 'i Am' 'The Church' of the Great "I Am" Dr. Jim McClinton,2021-06-24 Do you believe that the essence of our Salvation is Spiritual Maturity We are spiritually mature when we grow in grace and in the knowledge of our Lord and Saviour Jesus Christ 2 Peter 3 18 KJV Do you know that wisdom and knowledge are related but not synonymous Wisdom is the ability to discern or judge what is true right or lasting The Gospel Knowledge is information gained through experience reasoning or acquaintance No one none of us is born wise we must acquire and can only acquire wisdom from God The Bible urges us often to seek wisdom above all things The beginning of wisdom is this Get wisdom and whatever you get get insight Proverbs 4 7 ESV Knowledge can exist without wisdom but wisdom cannot exist with knowledge One can be knowledgeable without being wise Knowledge is when you know you should hear the word and the importance of it Wisdom is hearing and knowing how and when to use it Word and how to live it In order for us to obey Him and be in obedience God wants us to have knowledge of Him and His commands as of His word Our knowledge begins when we fear God If we lack or despise wisdom we are foolish and not knowledgeable Wisdom is a gift from God Scriptures tell us If any of you lacks wisdom let him ask God who gives generously to all without reproach and it will be given him James 1 5 ESV Just knowing the Bible and facts about God is not all there is to wisdom God blesses us with wisdom for us to use the knowledge we have of Him in order for us to glorify Him The fear of the Lord is the beginning of knowledge but fools despise wisdom and instruction Proverbs 1 7 KJV In our Spiritual Maturity let us fear God and let us not be foolish but wise and knowable pleasing God This book teaches us giving one an understanding and affords us the opportunity to be blessed and favored with wisdom It expresses and confirms who we are in Christ Jesus I Am The Church Of The Great I AM To God be the Glory

Diamonds Out of My Pockets Shimera Babb,2014-05-08 Poetry Aim to Inspire and Empower you in this journey we called life *The End(s) of Religion* Eric Bain-Selbo,2022-01-13 Eric Bain Selbo argues that the study of religion from philosophers to psychologists and historians of religion to sociologists has separated out the ends or goals of religion and thus created the conditions by which institutional religion is increasingly irrelevant in contemporary Western culture There is ample evidence that institutional religion is in trouble and little evidence that it will strengthen in the future giving some reason to believe that we are in the process of seeing the end of religion At the same time various cultural practices have met in the past and continue to meet today certain fundamental human needs needs that we might identify as religious that now are being fulfilled through what Bain Selbo calls the religion of culture *The End s of Religion* traces the way that the very study of religion has led to institutional religion being viewed as just one human institution that can address our particular religious needs rather than the sole institution to do so In turn ultimately we can begin to see how other institutions or forms of culture can function to serve these same needs or ends *Education for Democracy* Steven P. Camicia,Ryan

Knowles,2021-01-01 This book presents a vision of education for democracy built around promoting equity and social justice In doing so Camicia and Knowles challenge many of the common perspectives of democratic education deliberation and the common good The authors have published widely on the topic of education for democracy This book builds upon their work to assist practicing teachers teacher educators graduate students and educational researchers in understanding the background of education for democracy as well as new directions for the field While one of the primary goals of public schools is to teach students how to build better communities this goal is increasingly difficult given the degree of political polarization within societies Recent events provide no shortage of challenges to democracy in the United States and beyond Utilizing theory and research Camicia and Knowles promote instructional methods that are responsive to changing cultural and political contexts There is an increasing need to rethink democratic principles and how these principles might be supported in classrooms in order to teach for social justice This requires a move away from often stated idealistic notions of deliberative democracy toward a perspective of education for democracy that incorporates aspects of identity interests and inequitable power relations within society The Last Street Novel Omar Tyree,2007 The Last Street Novel tells the tale of Shareef Crawford successful African American author of steamy romances and his journey home to Harlem There a search for literary inspiration leaves him in the crossfire of a world of thugs and their deadly turf battles Besieged with more material than he could ever have imagined Crawford must fight for his life before he can even begin crafting his narrative Filled with hardcore action violent gang disputes and passionate characters from the gritty inner city this is an exciting new direction for Tyree White Lies Christopher M. Driscoll,2015-10-23 White Lies considers African American bodies as the site of cultural debates over a contested white religion in the United States Rooting his analysis in the work of W E B DuBois and James Baldwin Christopher Driscoll traces the shifting definitions of white religion from the nineteenth century up to the death of Michael Brown and other racial controversies of the present day He engages both modern philosophers and popular imagery to isolate the instabilities central to a white religion including the inadequacy of this framing concept as a way of describing and processing death The book will be of interest to students and scholars interested in African American Religion philosophy and race and Whiteness Studies *Snapshots of History* Shirley Marie McCarther,2022-01-01 2021 Special Edition of the American Educational History Journal The official journal of the Organization of Educational Historians The American Educational History Journal is a peer reviewed national research journal devoted to the examination of educational topics using perspectives from a variety of disciplines For more information about the Organization of Educational Historians OEH and its annual conference visit the OEH web site at the web address www.edhistorians.org This Special Edition of the American Educational History Journal entitled Snapshots of Educational History Portraits of the 21st Century Pandemic is the first special issue in the history of AEHJ The word unprecedented has literally been used thousands of times during 2020 by news outlets in our work environments and in our daily lives And indeed the global pandemic has killed over 600 000 in the

United States alone at the time of this writing The public health crisis shut down everything as we knew it Captives of sheltering in place scores of incidents displaying horrific police brutality against people of color streamed live on airwaves north south east and west begetting civil unrest across the country These are circumstances unlike any we have experienced in our lifetimes As historians it is critical that we document this time of crisis so that generations to come can bear witness to this time of turmoil and tragedy With these ideas in mind the American Educational History Journal sought to hear from historians and other scholars about this unique and devastating time in our country s history The Journal honors the traditions of oral history and narrative storytelling as a means to gather the voices of those whose lives have been touched by the COVID 19 crisis literally everyone around the globe This special issue deviates a bit from traditional AEHJ requirements in that we specifically invited narratives not be full blown historical research studies The point of this special issue is for authors themselves to serve as the archival material that will benefit future scholars interested in understanding what it meant to live through this health catastrophe while doing the work of educators We believe we owe it to the historians of the future to share our voices in real time
