The second part, *Soldiering, Deployment and Beyond*, considers the complexities involved in soldiering in view of the changing nature of warfare, generating a focal discourse on various aspects of military leadership, soldier resilience and post-traumatic growth in the face of extreme situations, bravery and character strengths and transitioning to civilian life. In the final section, *Making a Choice: Mental Health Issues and Prospects in the Military*, the contributors focus on the challenges and practices involved in maintaining the mental health of the soldier, covering issues ranging from stress, mental health and well-being through to suicide risk and its prevention, intervention and management strategies, moral injury and post-traumatic stress disorder.
