

ANIMAL RESEARCH *reports*

I assigned these research reports to my students after studying nonfiction texts. We also practiced paraphrasing and taking notes. I had each child pick an animal they wanted to research and learn more about. My students took their notes on slides 1 and 2 from "student safe" website on animals. I found these for them.

On slide 3 I took pictures of my students' animals and created a cover personalized for our class. For slides 4 and 5 My kids reworded their notes and created their own sentences for each section. The kids found pictures of their animals and wrote their own captions. When all was finished, I bound them in a spiral book and gave each student a copy to keep. It was a great learning experience that took about three weeks, give or take, to complete.
