Climate Change to Children Rebecca Woodard, Kristine M. Schutz, 2024 Replete with classroom examples, this book demonstrates that young children pre-K/6 are capable of learning about climate change, that climate change and social justice are inextricable from each other, and that literacy instruction is well suited to this work. The authors take an emotionally affirming stance and examine the potential of incorporating arts-based methods. **Families and Social Change in the**

Gulf Region Jennifer E. Lansford, Anis Ben Brik, Abdallah M. Badahdah, 2020-09-14 This timely volume explores the impact of dramatic social change that has disrupted established patterns of family life and human development in the countries of the Gulf Cooperation Council. It addresses several major deficits in knowledge regarding family issues in the Gulf countries, bringing a critical perspective to the emerging challenges facing families in this region. Lansford, Ben Brik, and Badahdah examine the role of urbanization, educational progress, emigration, globalization, and changes in the status of women on social change, as well as tackling issues related to marriage, fertility, and parenthood and family well-being. This book explores how family relationships and social policies can promote physical health, psychological well-being, social relationships, safety, cognitive development, and economic security in the Gulf countries, placing a unique emphasis on contemporary families in this region. *Families and Social Change in the Gulf Region* is essential reading for scholars from psychology, sociology, education, law, and public policy. It will also be of interest to graduate students in these disciplines. *Stem, steam, computational thinking and coding: Evidence-based research and practice in children's development* Stamatis

Creating Motivational Online Environments for Students Bilodeau, Julie A.,Hughes, Larry W.,2023-08-18 There are many ways to motivate students to achieve their academic and personal goals Due to the pandemic more emphasis has been placed on finding alternative approaches to instruct students Online learning has become the focal point of the educational setting and new approaches to teaching are necessary Since the change in delivery from face to face to online teachers have been faced with motivating their students in an environment that is new and foreign to them Teachers must find new methods to enhance their curriculum to motivate all students in this modality The Handbook of Research on Creating Motivational

Online Environments for Students considers how online students learn and how they progress through the learning process. The book also provides teaching techniques and technology that will improve motivational success for students in all modalities. Covering topics such as student behavior, online education, and motivational techniques, this premier reference source is ideal for administrators, researchers, academicians, scholars, practitioners, instructors, and students. *Organization and Administration of Physical Education* Jayne D. Greenberg, Judy L. LoBianco, 2025-03-11. The revised SHAPE America National Physical Education Standards are defining physical education PE programs, providing the framework for students' physical literacy journeys. *Organization and Administration of Physical Education: Theory and Practice, Second Edition*. With HKPropel Access, incorporates the revised standards, making it the text administrators need to learn how the standards affect curriculum development and implementation of a successful PE program. This edition is thoroughly updated by two award-winning educators, Jayne Greenberg and Judy LoBianco, who are joined by a sterling list of contributors who have taught at every education level in urban, suburban, and rural settings. In this second edition, the roles and responsibilities of PE administrators are examined through theoretical and practical lenses. Beyond incorporating the revised PE standards and the latest research throughout, other enhancements to this edition include the following: An expanded technology chapter that addresses equity and the digital divide, remote learning, virtual and augmented reality, and artificial intelligence. A more comprehensive chapter on teacher and program evaluation. A new chapter on social emotional learning (SEL) with connections between content pedagogy and practices. A new chapter on diversity, equity, and inclusion that provides culturally responsive teaching approaches to elevate the participation of underrepresented teachers and students. New content for physical education department chairpersons. The result is an essential manual for future and current administrators in PE leadership positions who want to acquire new skills in the primary six areas of responsibility. Part I explores leadership and management styles and presents practical theories of motivation, development, and planning for the essential components of a quality PE program. In part II, readers examine various curriculum, instruction, and assessment models and get guidance on planning special events. Part III helps administrators plan new school facilities or renovate existing ones and it presents contemporary concepts in universal design and sustainable environmental design. It also offers ideas on how to incorporate technology, including developing online PE courses. Part IV explores communication, legal issues, and human resources so administrators can learn how to advocate for their programs. Part V explains the fiscal responsibilities inherent in administrative positions and shows how administrators can secure independent funding, offering many examples of grants and fundraising opportunities with sample grant applications. Part VI, new to this edition, explores the integration of content and pedagogy with SEL practices. It also offers legal and practical strategies to enhance the involvement of those who are underrepresented in PE. Each chapter also includes sidebars from professionals who share tips and insights on successful program implementations. To further enhance practical application, readers have online access to downloadable forms, checklists, and

other supportive materials Published with SHAPE America this text offers the solid foundational theory and practices needed for today s challenges in PE administration Note A code for accessing HKPropel is included with this ebook [Resources in Education](#) ,1986 [The Extinction of Experience](#) Christine Rosen,2024-09-10 An Esquire Best Book of 2024 A reflective original invitation to recover and cultivate the human experiences that have atrophied in our virtual world We embraced the mediated life from Facetune and Venmo to meme culture and the Metaverse because these technologies offer novelty and convenience But they also transform our sense of self and warp the boundaries between virtual and real What are the costs Who are we in a disembodied world In [The Extinction of Experience](#) Christine Rosen investigates the cultural and emotional shifts that accompany our embrace of technology In warm philosophical prose Rosen reveals key human experiences at risk of going extinct including face to face communication sense of place authentic emotion and even boredom Considering cultural trends like TikTok challenges and mukbang and politically unsettling phenomena like sociometric trackers and online conspiracy culture Rosen exposes an unprecedented shift in the human condition one that habituates us to alienation and control To recover our humanity and come back to the real world we must reclaim serendipity community patience and risk
