UnCommon Preaching Susan Cartmell, 2015-07-24 There is a spiritual hunger

in the world today Many people are seeking answers to life s hard questions Many people come to church seeking inspiration help for personal problems or faith s perspective on life They come seeking things you cannot find in a search engine The church has exactly what they need but too often there is a gap between our message and our ability to send it Each week as people pause to learn about faith and get a word of hope a lot rides on the sermon Susan Cartmell took a journey across the country to visit churches with great preaching and lively worship What she discovered was that Evangelical Christians and Unitarian Universalists were using themed preaching effectively to attract new members Working in her church over the last five years she has designed a new system for preaching with themes in mainline Protestant churches She shares her method and her journey in a story that invites you to consider new ways to preach faithfully without using the lectionary

Revelation: a Letter to the Tribulation Christians and Those Left Behind James D. Elliott,2021-12-09 Of all the books in our Most High God s blessed word it is the book of Revelation that gives the body of Christ 1Corinthians 12 27 the most trepidation to study In part because the book of Revelation is the foretelling of events that have not taking place and it is in part due to the perception by a majority in the body of Christ that the book of Revelation is overly symbolic But in reality the book of Revelation is pretty straight forward The word of God is replete in the books chapters and verses of God s word that are either directly and or indirectly related to the book of Revelation

The Jewish-Christian Encounter in Medieval Preaching Jonathan Adams,Jussi Hanska,2014-10-03

This book explores the complexity of preaching as a phenomenon in the medieval Jewish Christian encounter This was not only an encounter as physical meeting or confrontation such as the forced attendance of Jews at Christian sermons that took place across Europe but also an imaginary or theological encounter in which Jews remained a figure from a distant constructed time and place who served only to underline and verify Christian teachings Contributors also explore the Jewish response to Christian anti Jewish preaching in their own preaching and religious instruction

The Talents of Jacopo da Varagine Steven A. Epstein,2015-12-14 Jacopo da Varagine c 1228 1298 is remembered today primarily for his immensely popular work The Golden Legend a massive collection of stories about the saints Compiled over the years 1260 67 The Golden Legend quickly eclipsed earlier collections of saints lives One indication of its popularity is the fact that so many manuscript copies of the work have survived more than one thousand according to some estimates Despite the enduring influence of The Golden Legend Jacopo remains an elusive figure because he left behind so little information about himself In The Talents of Jacopo da Varagine Steven A Epstein sets out to remedy this situation through a careful study of all Jacopo s works including many hundreds of sermons and his innovative chronicle of Genoese history In Epstein s sure hands Jacopo emerges as one of the most active and talented minds of his day Indeed Epstein argues that one needs to read all of Jacopo s books in a Genoese context in order to understand the original scope of his thinking which greatly influenced the ways generations of people across Europe experienced their Christianity The rich sources for Jacopo s sermons saints lives and history illuminate the traditions that inspired him and shaped his imaginative and artistic powers Jacopo was also one of the inventors of social history and his writings reveal complex and new perspectives on family life as well as the histories of gay people slaves Jews and the medieval economy Filled with impressive insights into the intellectual life of the thirteenth century The Talents of Jacopo da Varagine will be of interest to a wide range of medieval scholars and students of religious history church history and hagiography as well as intellectual history and Italian history

The Preacher's Guide to Suicide H. C. Johnson,2022-03-18 This book makes the startling claim that the pulpit is the appropriate place to address suicide In A Preacher s Guide to Suicide Johnson chisels through the rusty prison bars of cultural pretense and the oppressive myths of suicide Using history the social and behavioral sciences and biblical inquiry

over the centuries of varied Christian voices Johnson demonstrates that suicide is part of the very fabric of Christian identity And to preach suicide awareness is to preach life into the very act of dying While grappling with the contemporary understanding of neuroscience psychopathology societal values and individualism Johnson seeks to present suicide in a hopeful light as we all approach death in those daily moments of confession forgiveness and prayer Johnson hopes to provoke further conversation within the Christian community about the richness of suicide within the Scriptures and seeks to be a source of inspiration for preachers *Preaching the Crusades to the Eastern Mediterranean* Constantinos

Georgiou,2018-03-05 Preaching was an integral part of the crusade movement This book focuses on the efforts of the first four Avignon popes to organize crusade preaching campaigns to the Eastern Mediterranean and on the role of the secular and regular clergy in their implementation Historians have treated the fall of Acre in 1291 as an arbitrary boundary in crusader studies for far too long The period 1305 1352 was particularly significant for crusade preaching yet it has not been studied in detail This volume thus constitutes an important addition to the flourishing field of late medieval crusade historiography The core of the book deals with two interlocking themes the liturgy for the Holy Land and the popular response to crusade preaching between the papacies of Clement V and Clement VI The book analyses the evolving use of the liturgy for the crusade in combination with preaching and it illustrates the catalytic role of these measures in driving popular pro crusade sentiments A key theme in the account is the analysis of the surviving crusade sermons of the Parisian theologians from the era Critical editions of these previously neglected propagandistic texts are a valuable addition to our corpus of papal correspondence relating to the crusades in the later Middle Ages This book will be of interest both to specialized historians and to students of late medieval crusading **Pimp My Sermon** Siegbert Riecker,2023-12-27 Zu oft

scheitert die Predigt nach einem Marathon fleißiger Exegese auf den letzten Metern an der Präsentation des Vortrags Was ist notwendig damit Worte das Herz eines Menschen treffen An einer akademischen Einrichtung erlebt und lernt der Theologe wie Akademiker reden Eine schlechte Voraussetzung wenn man verstanden werden möchte Darum richtet dieses Buch den Blick über den theologischen Tellerrand hinaus Dort wissen andere gehaltvolles zu berichten was lässt sich lernen von einem Strategieberater von Predigern aus einer anderen Kultur und aus einem anderen Jahrhundert von einem Journalisten einem Rhetoriktrainer einem Unternehmensberater **Transforming Preaching** David Heywood,2013-05-16 Rooted in a clear
