Roman Christianity and Roman Stoicism Runar Thorsteinsson, 2010-05-28 Christianity is commonly held to have introduced an entirely new and better morality into the ancient world a new morality that was decidedly universal in contrast to the ethics of the philosophical schools which were only concerned with the intellectual few Runar M Thorsteinsson presents a challenge to this view by comparing Christian morality in first century Rome with contemporary Stoic ethics in the city Thorsteinsson introduces and discusses the moral teaching of Roman Stoicism of Seneca Musonius Rufus and Epictetus He then presents the moral teaching of Roman Christianity as it is represented in Paul's Letter to the Romans the First Letter of Peter and the First Letter of Clement Having established the bases for his comparison he examines the similarities and differences between Roman Stoicism and Roman Christianity in terms of morality Five broad themes are used for the comparison questions of Christian and Stoic views about a particular morality or way of life as proper worship of the deity certain individuals like Jesus and Socrates as paradigms for the proper way of life the importance of mutual love and care non retaliation and love of enemies and the social dimension of ethics This approach reveals a fundamental similarity between the moral teachings of Roman Christianity and Roman Stoicism The most basic difference is found in the ethical scope of the two While the latter teaches unqualified universal humanity the former seems to condition the ethical scope in terms of religious adherence The Publishers' Trade List Annual ,1875 **My Mother's Sons** Patrick Krayner, 2013-09-09 Managing Sexuality in Islamic and Christian Communities My Mother's Sons provides a thoughtful model for how Western Christian workers can respectfully negotiate sexual boundaries and norms in Muslim contexts Westerners are inclined to impose their own culturally shaped notions of gender equality and justice on non egalitarian communities alienating the very people they are seeking to serve The author draws on his own research among Pakistani Pashtuns intercultural theory and exegesis of Christian and Islamic sacred texts to show that it is possible to work for transformational change without offending those who live within a patriarchal system **The First Edition of the Letters of Paul** Charles Vergeer, 2022-01-18 We call them the Letters of Paul However who really wrote them and why The fascinating quest for an answer to this question takes us to Ephesus one of the most important harbour cities of the Roman Empire in order to get a clearer picture through him of the anonymous editors who edited the first edition of what would later so inappropriately be called the letters of Paul These first editors saved Paul from oblivion but often ignored what he had actually said What did they want to achieve with their publication Who added the anti Jewish and misogynistic texts and who added the beautiful song about the praise of love This book offers a spectacular reconstruction of the first edition of Paul's letters It removes two thousand years of Christian encrustation on the surviving texts and produces a unique reconstruction and critical translation from the Greek of the first edition of the first four letters of Paul The Chautauquan ,1884 **Engaging the New Testament (paper edition)** Russell Pregeant, 1997-06-01 In addition to lucid introductions to each of the New Testament writings this book offers a comprehensive survey of approaches to biblical studies historical and cultural backgrounds the

Desire in Paul's Undisputed Epistles Andrew Bowden, 2020-12-18 In this study Andrew Bowden analyzes Paul's use of desire and in his undisputed epistles After introducing critical research on these lexemes the author applies John Lyons's theory of semantic analysis to the use of in Roman imperial texts Based on these observations he makes a hypothesis concerning the common co-occurrences of desire in Roman imperial texts its antonyms the objects it longs for and its use within metaphorical discourse This hypothesis is then tested by looking at the use of desire in Dio Chrysostom Epictetus Lucian of Samosata the Cynic epistles and Second Temple Jewish texts Andrew Bowden illustrates how contrary to the view of many scholars these Roman imperial authors consistently mention positive objects of desire He then applies these findings concerning desire to Paul yielding important and sometimes unexpected discoveries
