Theory of Computer Science

2:30 to 5:30

Note. (1) Question No I is Compulsory.
(2) Attempt any four questions from remaining six questions.
(3) Figures to the right indicate full marks given to the question.
(4) Assume suitable data, if necessary.

1. (a) Distinguish between NFA and DFA (4)
   (b) Design Finite Automata from $1(0/1)^*0$ Regular Expression (5)
   (c) Explain CNF and GNF with example. (5)
   (d) Explain Classes of Complexity with example. (6)

2. (a) Design a Moore and Mealy Machine to convert substring **aba** into **abb**. (10)
   (b) Construct DFA accepting the following language (10)
       (i) Strings ending with 110 or 111
       (ii) String containing 010 as a substring.

3. (a)   (b) Let G be the grammar (10)
                S→aB|bA
                A→a|aS|bAA
                B→b|bS|aBB
    Find leftmost derivation, rightmost derivation and parse tree for the string "bbaaabbaba".
   (b) Design a PDA for the following CFG
                $S→ (S)|SS|$ ^ (10)

4. (a) State and explain pumping Lemma for regular languages. (10)
       Using Pumping lemma, show that following grammars are not regular.
            (i) $L = \{1^n \mid n$ is prime number$\}$
            (ii) $L = \{0^n 10^n \mid n>0\}$
   (b) Design a TM to subtract two numbers (e.g. m and n are two integers and m-n is to be evaluated) assume m>n (10)

5. (a) Construct NFA from $(0+1)^*(00+11)$ and convert into minimized DFA (10)
   (b) Write CFG for language having number of a's greater than number of b's and Design a PDA for the same. (10)

6. (a) Design a TM to accept language $\{0^n 1^n \mid n>0\}$ (10)
   (b) Explain decision properties for regular languages (10)

7. Write short notes on (Any Four) (20)
       (a) Variants of TM
       (b) Deterministic Pushdown Automata
       (c) Recursive and Recursively Enumerated Languages
       (d) Complements of languages in NP
       (e) Chomsky Hierarchy

Sample Question Paper Third Semester Computer Engineering

Michael E. Auer,Tiia Rüütmann

Sample Question Paper Third Semester Computer Engineering:

Discrete Mathematical Structures (MGU, Kerala) Sem-III for CS & IT , *Web Based Application Development* Anuradha A. Puntambekar,2020-12-01 This textbook has been written in such a way that the concepts are explained with the help of examples The book covers the topics right from basics of PHP programming such as variables data types operators control structures arrays to graphics The book also covers implementation of object oriented concepts such as classes objects inheritance overloading and so on In the next subsequent unit the textbook covers creating and validating forms Finally the book explains how to connect to database using PHP and MySQL laying more stress on examples Thus this book helps the students to learn the PHP programming in the most lucid way *A Textbook of Engineering Drawing (In First Angle Projection)* R.K.Dhawan,2012-07 this book includes Geometrical Drawing Computer Aided Drafting in First Angle Projection Useful for the students of B E B Tech for different Technological Universities of India Covers all the topics of engineering drawing with simple explanation **English For Engineering Students, 2E** Veena Selvam,2009-11-01 Language unlike other engineering subjects is more a skill that has to be practiced constantly With this in mind English for Engineering Students has been written to help building engineers use technical English appropriately in all situations The objective of this book is to facilitate the practice of the four major study skills Listening Speaking Reading and Writing along with their sub skills The book is divided into 4 units of 3 chapters each Each unit is accompanied by a revision exercise At the end of the book are the supplementary tasks along with keys an appendix of phonetic symbols and their use and a model question paper

Information and Management Engineering Min Zhu,2011-09-06 This six volume set CCIS 231 232 233 234 235 236 constitutes the refereed proceedings of the International Conference on Computing Information and Control ICCIC 2011 held in Wuhan China in September 2011 The papers are organized in two volumes on Innovative Computing and Information CCIS 231 and 232 two volumes on Computing and Intelligent Systems CCIS 233 and 234 and in two volumes on Information and Management Engineering CCIS 235 and 236 *Developing a Keyword Extractor and Document Classifier: Emerging Research and Opportunities* Paul, Dimple Valayil,2021-01-08 The main problems that prevent fast and high quality document processing in electronic document management systems are insufficient and unstructured information information redundancy and the presence of large amounts of undesirable user information The human factor has a significant impact on the efficiency of document search An average user is not aware of the advanced option of a query language and uses typical queries Development of a specialized software toolkit intended for information systems and electronic document management systems can be an effective solution of the tasks listed above Such toolkits should be based on the means and methods of automatic keyword extraction and text classification The categorization or classification of texts into predefined categories has witnessed a booming interest in the last 10 years due to the increased availability of documents in digital form and the ensuing need to organize them Thus research on keyword extraction advancements in the field and possible future

solutions is of great importance in current times Developing a Keyword Extractor and Document Classifier Emerging Research and Opportunities presents an information extraction mechanism that can process many kinds of inputs realize the type of text and understand the percentage of the keywords that has to be stored This mechanism then supports information extraction and information categorization mechanisms This module is used to support a text summarization mechanism which leads with the help of the keyword extraction module to text categorization It employs lexical and information retrieval techniques to extract phrases from the document text that are likely to characterize it and determines the category of the retrieved text to present a summary to the users This book is ideal for practitioners stakeholders researchers academicians and students who are interested in the development of a new keyword extractor and document classifier method *Indian Computer Science (CS) & Information Technology (IT) Academic Reform (Past) Activism Blog Book* Ravi S. Iyer,2020-03-10 Main author Ravi S Iyer created the eklavyasai blogspot com blog and used it from September 2011 to play a part time peaceful and amicable Indian Computer Science CS and Information Technology IT academic reform Internet based activist role His focus was on improving the practice of software development in Indian CS IT academia But he thought that it is such a vital part of the CS IT field and that it is so poor in many parts of Indian CS IT academia that he referred to his efforts as Indian CS IT academic reform activism Other contributors to the blog have given their views on certain topics Main work period has been from 2011 to 2014 with a little work later off on The main author is no longer active in this area This book is aimed at helping other activists involved in improving the practice of software development in Indian CS and IT academia to get the views of the blog in a convenient form The book may also be of interest to similar activists in other countries About the author Main author Ravi S Iyer is a Physics graduate from Ruia college University of Bombay Mumbai who was industry trained and later self taught in software development He worked in the international software industry US Europe Japan South Korea India etc developing systems as well as applications software CS IT for over 18 years after which he retired from commercial work Later mainly as a visiting faculty he offered free service of teaching programming courses lab courses and being a technical consultant for student projects in a Maths Computer Science department of a deemed university in India for 9 years **Computer Aided Systems Theory - EUROCAST 2007** Roberto Moreno Díaz,Franz Pichler,Alexis Quesada Arencibia,2007-11-16 This book constitutes the thoroughly refereed post proceedings of the 11th International Conference on Computer Aided Systems Theory EUROCAST 2007 Coverage in the 144 revised full papers presented includes formal approaches computation and simulation in modeling biological systems intelligent information processing heuristic problem solving signal processing architectures robotics and robotic soccer cybercars and intelligent vehicles and artificial intelligence components **Service-Learning in the Computer and Information Sciences** Brian A. Nejmeh,2012-06-07 Offering a truly global perspective this book serves as a road map for service learning partnerships between information science and nonprofit organizations It introduces for the first time an essential framework for service learning in CIS

addressing both the challenges and opportunities of this approach for all stakeholders involved faculty students and community nonprofit organizations NPOs both domestic and abroad This volume outlines numerous examples of successful programs from around the world presenting practical working models for implementing joint projects between NPOs and academia   **The 22nd International Conference on Information Technology-New Generations (ITNG 2025)** Shahram Latifi,2025-05-08 This book covers technical contributions that have been submitted reviewed and presented at the 22nd annual event of International conference on Information Technology New Generations ITNG The applications of advanced information technology to such domains as astronomy biology education geosciences security and health care are among topics of relevance to ITNG Visionary ideas theoretical and experimental results as well as prototypes designs and tools that help the information readily flow to the user are of special interest Machine Learning Robotics High Performance Computing and Innovative Methods of Computing are examples of related topics   **Futureproofing Engineering Education for Global Responsibility** Michael E. Auer,Tiia Rüütmann,2025-03-19 This book contains papers in the fields of Virtual and augmented learning Games in engineering education Social aspects of digitalization Technical teacher training Accessible learning and technologies Dance of data in educational science and practice Engineering education for production and service structures of the future Innovative approaches to STEAM education and music therapy through emerging technologies We are currently witnessing a significant transformation in the development of education on all levels and especially in post secondary and higher education To face these challenges higher education must find innovative and effective ways to respond in a proper way Changes have been made in the way we teach and learn including the massive use of new means of communication such as videoconferencing and other technological tools   **Scientific and Technical Aerospace Reports** ,1995   *Digital Forensics and Cyber Crime* Joshua I. James,Frank Breitinger,2015-10-02 This book constitutes the refereed proceedings of the 7th International Conference on Digital Forensics and Cyber Crime ICDF2C 2015 held in Seoul South Korea in October 2015 The 14 papers and 3 abstracts were selected from 40 submissions and cover diverse topics ranging from tactics of cyber crime investigations to digital forensic education network forensics and international cooperation in digital investigations   *Guide to American Graduate Schools* Harold R. Doughty,2009-02-24 For students planning further study after college the Guide to American Graduate Schools puts the necessary information at their fingertips Completely revised and updated this long trusted and indispensable tool features comprehensive information on every aspect of graduate and professional study including Alphabetically arranged profiles of more than 1 200 accredited institutions including enrollment locations libraries and other facilities and housing situations Fields of study offered by each institution and types of degrees conferred Admissions standards and requirements recruitment practices and degree requirements Tuition costs and opportunities for financial aid Details on scholarships fellowships assistantships and internships Organized in a clear straightforward easy to use format this is the essential source with which to begin planning

for the future   *Research in Education* ,1973   **Resources in Education** ,2000   **Proceedings** American Society for Engineering Education. Conference,1992   **Intelligent Human Computer Interaction** Madhusudan Singh,Dae-Ki Kang,Jong-Ha Lee,Uma Shanker Tiwary,Dhananjay Singh,Wan-Young Chung,2021-02-05 The two volume set LNCS 12615 12616 constitutes the refereed proceedings of the 12th International Conference on Intelligent Human Computer Interaction IHCI 2020 which took place in Daegu South Korea during November 24 26 2020 The 75 full and 18 short papers included in these proceedings were carefully reviewed and selected from a total of 185 submissions The papers were organized in topical sections named cognitive modeling and systems biomedical signal processing and complex problem solving natural language speech voice and study algorithms and related applications crowd sourcing and information analysis intelligent usability and test system assistive living image processing and deep learning and human centered AI applications   ECEL 2020 19th European Conference on e-Learning Prof. Dr.-Ing. Carsten Busc,,Prof. Dr. Tilo Wendler,Martin Steinicke,2020-10-29   **A Collection of Technical Papers** ,1973

Discover tales of courage and bravery in is empowering ebook, Stories of Fearlessness: **Sample Question Paper Third Semester Computer Engineering** . In a downloadable PDF format (*), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.

Table of Contents Sample Question Paper Third Semester Computer Engineering

Sample Question Paper Third Semester Computer Engineering Introduction

Sample Question Paper Third Semester Computer Engineering Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Sample Question Paper Third Semester Computer Engineering Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Sample Question Paper Third Semester Computer Engineering : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Sample Question Paper Third Semester Computer Engineering : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Sample Question Paper Third Semester Computer Engineering Offers a diverse range of free eBooks across various genres. Sample Question Paper Third Semester Computer Engineering Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Sample Question Paper Third Semester Computer Engineering Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Sample Question Paper Third Semester Computer Engineering, especially related to Sample Question Paper Third Semester Computer Engineering, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Sample Question Paper Third Semester Computer Engineering, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Sample Question Paper Third Semester Computer Engineering books or magazines might include. Look for these in online stores or libraries. Remember that while Sample Question Paper Third Semester Computer Engineering, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Sample Question Paper Third Semester Computer Engineering eBooks for free, including popular titles.Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books.Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Sample Question Paper Third Semester Computer Engineering full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Sample Question Paper Third Semester Computer Engineering eBooks, including some popular titles.

FAQs About Sample Question Paper Third Semester Computer Engineering Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sample Question Paper Third Semester Computer Engineering is one of the best book in our library for free trial. We provide copy of Sample Question Paper Third Semester Computer Engineering in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Sample Question Paper Third Semester Computer Engineering. Where to download Sample Question Paper Third Semester Computer Engineering online for free? Are you looking for Sample Question Paper Third Semester Computer Engineering PDF? This is definitely going to save you time and cash in something you should think about.
