Scuba Compendium Simon Pridmore, 2021-08-23 Only available in e book form this is the presentation in one volume of four books in Simon Pridmore's Scuba series Scuba Fundamental Scuba Confidential Scuba Exceptional and Scuba Professional In musical terms Scuba Compendium is a re-mastering and repackaging of the original albums rather than a greatest hits or a Best of compilation The books were written and published over a period of eight years and each book was designed for divers at a particular point in their diving life Listed in the order they were written the audience for Scuba Confidential was the general population of divers Scuba Professional was for those thinking of making a career out of the sport Scuba Fundamental was for non divers and beginners and Scuba Exceptional was for more experienced divers The idea was not to create a series It just turned out that way A number of topics merited inclusion for multiple groups of readers rebreathers and surface safety for example which meant that there was some unavoidable overlap between the individual books In Scuba Compendium the text and chapters have been cleaned up and streamlined to remove any unnecessary repetition and improve continuity Apart from this nothing is missing from the four original books and the only new material is an introductory chapter on the philosophy behind the Scuba series So if you already own all the books in the Scuba series from a content point of view you have no need to buy this one However from a reference point of view some readers may find it an advantage to have these four books in one volume where every word or phrase in the series is easily searchable on an e reader They are arranged here in the order in which they make sense as a series following the path from beginner to diver to experienced diver to expert Scuba Compendium covers the full gamut of the sport diving experience and is a resource that will accompany a scuba diver throughout their career in the sport wherever it takes them to be dipped back into from time to time whenever necessary If you only own one or two books in the series then you may find Scuba Compendium well worthwhile for another reason too For instance if you are not a beginner you may think you don't need to read Scuba Fundamental but many experienced divers have found it useful and entertaining Also Scuba Professional introduces a number of topics such as real risk awareness and constructive paranoia which are just as relevant for amateur divers as they are for professionals Although the title makes it sound as if Scuba Professional is only for instructors this is certainly not the case And of course if you have not yet bought any of these four Scuba series books then this is a great option to buy all of them together with just one click Scuba Fundamental is a great book Simon Pridmore is to be congratulated for this insightful interesting and honest introduction to scuba diving He tells it as it is John Lippmann Divers

Alert Network If PADI's Open Water manual is the Bible of scuba diving consider this the New Testament David Espinosa Editor in Chief Sport Diver magazines I so wish Scuba Exceptional had existed when I was in the early days of my diving life nearly 30 years ago Phil Short explorer and pioneer There is quite simply nothing like Scuba Professional It is the ultimate backstage pass into the business of scuba Jill Heinerth explorer and filmmaker **Go Dive : PADI Open Water Diver Manual** ,1999 Oceanic K.J. Morgan,2016-07-25 James Jameson is an ambitious investment banker at Heritage Pacific Bank an investment house with a reputation for backing high risk cutting edge opportunities When a start up company calling itself Oceanic approaches Heritage with a concept its inventors claim will end world hunger and reverse climate change Jameson is not convinced But when the entire project becomes his responsibility Jameson finds his career may depend on the success of a very risky venture In charge of a team conducting investigations into the potential of Oceanic Jameson is sent to the sleepy town of Collins Cove to review the business and discovers that life away from the city is not all bad However as the details of Oceanic's technology both amaze and disturb Jameson his investigations lead him from biotech into the murky world of financial crime and a discovery which could be a chance for humanity to help itself and the planet

In Too Deep Coert Voorhees,2013-07-09 Annie Fleet master scuba diver and history buff knows she can't fight her nerd status as a freshman at her Los Angeles private school And she doesn't care except for the fact that her crush Josh thinks she's more adorable than desirable Annie is determined to set him straight on their school trip to Mexico But her teacher has other plans he needs Annie to help him find Cortez's lost long treasure Suddenly Annie finds herself scuba diving in pitch black waters jetting to Hawaii with Josh and hunting for the priceless Golden Jaguar But Annie and Josh aren't the only ones lured by the possibility of finding the greatest treasure ever lost at sea Someone else wants the gold and needs Annie dead In deeper danger than she ever imagined can Annie get the boy and find the Jaguar or is she in over her head Critically acclaimed author Coert Voorhees delivers breathtaking romance and non stop action in his newest novel the spirited and captivating **In Too Deep**

Bibliography on Diving and Diving Safety for a Scientific Diving Program Margaret A. Rioux,1987 Diving scientific diving and diver safety are specialized subject areas not generally well represented in even the largest of academic libraries largely because of difficulties in locating appropriate items to include in the collection However in order to adequately fulfill his/her responsibilities the Diving Safety Officer of a scientific diving program needs easy access to a broad range of books reports and journals covering all aspects of diving This bibliography outlines a comprehensive collection appropriate to the needs of a scientific diving program in a research or academic institution Items are grouped in broad subject areas corresponding to various aspects of the diving program Both title and author indexes are also included

Scuba Confidential Simon Pridmore,2020-08-03 *Scuba Confidential* is a unique book packed full of valuable tips and expert advice giving you unprecedented access to the secrets of dive professionals and technical divers With *Scuba Confidential* you will learn how to master skills and techniques that will make you a more confident capable and safe diver It

offers an informed balanced view on some of scuba diving s most contentious issues like going solo deep diving and rebreathers and includes a comprehensive analysis of how diving accidents happen and how to make sure you do not become a statistic Scuba Confidential also gives you valuable insights on a vast range of topics such as what it is like to do a cave diving course how to make sure you buy the right equipment what to consider when choosing an instructor things even the pros get wrong and where to find the best diving in the world This is candid no nonsense practical advice from a professional who has been involved over the last three decades with virtually every aspect of the sport Have you ever wondered How to look as comfortable in the water as the professionals do What it is like to dive inside shipwrecks Which training courses are most worthwhile If you would make a good technical diver If you should be considering a rebreather How you can improve your diving skills How you can reduce your air consumption Why diving accidents happen and how to prevent them Whether you might sometimes actually be safer solo diving How to dive deep safely Or How muck diving can possibly be any fun Scuba Confidential has the answers to these questions and many more
