of suffering on the cherished bioethical principle of autonomy Can suffering impair a patient s ability to make reasoned choices To what extent must the encounter with suffering be an important component of medical education Do religious traditions ever move from efforts to explain and relieve suffering to positions that justify and promote it The aim of this book is to undertake a new foray into this foreign territory of suffering With a foreword by the distinguished bioethicist Daniel Callahan its twenty two chapters authored by leading scholars in science and bioethics are organized so as to examine suffering in its biological psychological clinical religious and ethical dimensions **CMJ New Music Report** ,2002-02-11 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ s trade publication compiles playlists for college and non commercial stations often a prelude to larger success *Official Price Guide to Records* Jerry Osborne,2000-03 All kinds of music are profiled in this guide indexed by artist and organized by label format manufacturer s selection number and date of issue Featured are prices for over 1 million records listings for 45 000 artists a color eight page insert of record cover art and a buyers sellers directory
