Rainer, 1998-09-01 The Church Growth Movement has divided devout Christians Even though Rainer is an advocate his aim here is to present an objective view of the movement its history the theology associated with it and the principles which seem to separate churches that grow from those that don't **Unlocking the Potential of Prayer** Johnson Wayne, 2023-04-03 Do you ever feel like your prayers are falling on deaf ears Are you tired of lackluster church attendance and struggling to inspire your congregation It's time for a Prayer Revolution The Prayer Revolution Igniting Church Growth Through Faith Filled Prayer is a groundbreaking guide that will show you how to tap into the power of prayer to revolutionize your church and ignite growth Drawing on real life stories biblical teachings and practical advice this book will transform the way you approach prayer and help you harness its full potential With step by step guidance and actionable strategies you'll learn how to infuse your prayers with faith activate the power of God and watch as miracles unfold The Prayer Revolution is not just a book it's a movement Whether you're a pastor church leader or a believer seeking a deeper spiritual connection this book will equip you with the tools to start a revolution in your church and community Get ready to see the power of prayer transform your church and ignite a movement that will change lives forever **Biblical Church Growth** Gary L. McIntosh, 2003-05-01 Every pastor wants to have a vibrant dynamic church There are many popular models for church growth based on outstanding churches led by outstanding pastors But unfortunately specific models are temporary and go out of style quickly Author Gary McIntosh explores the biblical principles for church growth and applies them to today's culture Instead of concentrating on the ephemeral how of church growth he focuses on the unchanging why McIntosh defines church growth as all that is involved in bringing men and women who do not have a personal relationship with Jesus Christ into fellowship with him and into responsible church membership In other words church growth is effective evangelism not a methodology for increasing membership According to Biblical Church Growth growing churches always evidence a desire to fulfill the Great Commission by cooperating with God in building a faithful church Using personal stories and current statistics as well as numerous biblical examples the author sets forth ten basic principles that provide an eternal foundation for helping any church large or small achieve lasting vitality and growth Church Growth in African Diaspora Communities Paul Araoluwa Ayokunle, 2025-03-31 As the centre of Christianity shifts towards Africa African migrants have become a significant source of Christian witness in the West and African diaspora congregations in the UK are springing up and multiplying In this ethnographically informed study Dr Paul Araoluwa Ayokunle explores the factors impacting the growth of three such African diaspora churches in Liverpool England His research identifies the challenges posed by

hierarchical leadership styles and an unfamiliar and potentially hostile cultural context as well as the essential nature of ecclesiology one's theological understanding of the church and its calling in answering these challenges Ultimately he proposes a Yoruba based ecclesiology alongside an adaptive leadership model as a way forward for the African church to continue growing in its mission to be a light to the nations including to the once Christian West This book offers a powerful exploration of the richness of grassroots ecclesiology and the role of migration and contextualization in the spread of Christ's kingdom to all peoples and places

Church Growth Principles ISAIAH MACWEALTH, Church growth is the will of God and a necessary part of the calling of the church There are some who claim that there is too much emphasis on church growth in these last days These do not know the purpose and plan of God for His church This is why I will begin this book by expatiating on the necessity of church growth Also many pastors today want to grow their churches but lack the wisdom to make it happen Many have been pastors for years but have not been able to induce church growth This is a common problem among pastors today I have heard about some so called pastors who resorted to diabolical means to achieve church growth This is foolishness Some others have achieved church growth by trial and error but cannot say categorically how they did it so they are unable to help others do the same and also may be unable to sustain it But through years of training and practice God has given me revelation on how to achieve church growth irrespective of the present state of a church Church growth is not automatic it is a process that must be painstakingly understood To be achieved it must be approached systematically In this book I am going to impart to you the truth about church growth and give you infallible wisdom that you can implement anywhere in the world and get results
