The Presentence Investigation Report United States. Administrative Office of the United States Courts. Probation Division, 1978 Presentence Report Handbook Robert Melvin Carter, 1978 Community Corrections Robert D. Hanser, 2009-02-19 Aimed at undergraduate courses in criminal justice that offer modules in community corrections probation and parole this text covers the necessary topics in community corrections but with a more practical approach than other texts Subjects covered include the history of probation and parole arguments for and against the treatment of offenders the point and purpose of community corrections and jail facilities and detention centers The book offers a unique perspective given the author's expertise with both special needs populations and in the comparative fields It is supported by an online study site and instructor's resource materials **A Guide to Improved Handling of Misdemeanant Offenders** Tully L. McCrea, Don M. Gottfredson, 1974 **ABA Journal**, 1970-01 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association *An Evaluation of the Presentence Investigation Report of the Michigan Department of Corrections from the Viewpoint of Its Authors and Those Using it* Henry B. Risley, 1970 Understanding Child Molesters Eric Leberg, 1997 Written primarily for non professionals who may be families co workers or acquaintances of child molesters the author discusses how these offenders use denial blaming secrecy and manipulation not only to set up their victim but also to mislead families and friends about what is occurring Chapters 7 to 10 provide strategies to counter this manipulation and to make it harder for the molester to reoffend Federal Probation, 1999 **United States Code** United States, 1995 **Death Penalty Sentencing** United States. General Accounting Office, 1990 *How Do Judges Decide?* Cassia Spohn, 2002-01-28 The appropriate amount of punishment for a given crime is an issue that has been debated by scholars philosophers and legal professionals since the beginning of civilizations This book seeks to address this issue in all of its complexity by providing a comprehensive overview of the sentencing process in the United States The book begins by discussing the overall concept of punishment and then proceeds to dissect individual aspects of punishment Topics include the sentencing process responsibility of the judge disparity and discrimination in sentencing and sentencing reform This book is an ideal text for introductory courses on the judicial system criminal law law and society It can be an essential resource to help students understand patterns in the wide discretion and latitude given to judges when determining punishments within the framework of the United States judicial system Predictive Sentencing Jan W de Keijser, Julian V Roberts, Jesper Ryberg, 2019-05-16 Predictive Sentencing addresses the role of risk assessment in contemporary sentencing practices Predictive sentencing has become so deeply ingrained in Western criminal justice decision making that despite early ethical discussions about selective incapacitation it currently attracts little critique Nor has it been subjected to a thorough normative and empirical scrutiny This is problematic since much current policy and practice concerning risk predictions is inconsistent with mainstream

theories of punishment Moreover predictive sentencing exacerbates discrimination and disparity in sentencing Although structured risk assessments may have replaced gut feelings and have now been systematically implemented in Western justice systems the fundamental issues and questions that surround the use of risk assessment instruments at sentencing remain unresolved This volume critically evaluates these issues and will be of great interest to scholars of criminal justice and criminology

Report Writing for Criminal Justice Professionals Larry S. Miller, John T. Whitehead, 2010-11-24 So much of the process of criminal justice depends on good documentation and criminal justice professionals can spend as much as 50-75% of their time writing up administrative and research reports Much of the legal process depends on the careful documentation that records crucial information And yet most of these law enforcement security corrections and probation and parole officers have not had adequate training in how to provide a well written accurate brief and complete report Report Writing for Criminal Justice Professionals provides practical advice on report writing with specific writing samples and guidelines The authors go beyond the routine English grammar approach to deal with the difficult but often ignored problem of documentation that will hold up in court Important concepts are emphasized with related checklists forms and pull out chapter tests The material is organized into three sections The Nature of Report Writing The Mechanics of Report Writing and The Modernization of Report Writing NEW TO THIS EDITION Updated and revised with new material on forensics and scientific reports crime reporting common errors in forensic reports and automation of report writing Appendixes are thoroughly revised with new examples of reporting forms worksheets and reports including a sample forensic lab report and presentence investigation report Text complemented by numerous examples sample reports and tools Each chapter concludes with a sample test for the reader to self evaluate learning Appendixes include model reports examples of agency instructions for completing report forms and selected readings

Williams,2023-01-03 To ensure a fair criminal trial effective sentencing advocacy is needed in every stage of prosecution from investigation through plea trial and sentencing hearings With fewer criminal cases proceeding to trial advocacy is increasingly critical for both prosecutors and defense attorneys and can determine whether or not a defendant receives an appropriate sentence Here is a volume that comprehensively describes the steps to effective sentencing advocacy addressing not only terms of imprisonment or probation but fines forfeiture restitution and other collateral sentencing consequences It emphasizes approaching sentencing advocacy holistically treating it as a key component of attorney advocacy in every criminal case Covering the fundamental sentencing procedures and concepts it describes where and how attorneys can use advocacy to advance their clients goals It also explains aspects of sentencing that otherwise may appear too complex to a novice criminal practitioner Importantly this is not a book on sentencing law although it addresses legal sentencing issues as they pertain to sentencing advocacy Rather the focus is on teaching attorneys how to use advocacy to achieve the best sentence for their clients **Alcohol Safety Action Projects** ,1972
